Gertrude Stein Writings 1903 1932:

Gertrude Stein: Writings 1903-1932 (LOA #99) Gertrude Stein, 1998 A collection of works written by Gertrude Stein between the years of 1903 and 1932 **Look at Me Now and Here I Am** Gertrude Stein, 2004 This volume of Gertrude Stein's writings attempts to dispel the obscurity and misunderstanding that surround her work by presenting for the first time in this country many of her lectures which clearly explain her philosophies and include her portraits of people and objects to encourage readers to make their own assessment of her literary importance **The Language of Inquiry** Lyn Hejinian, 2000-12-27 Lyn Hejinian is among the most prominent of contemporary American poets Her autobiographical poem *My Life* a best selling book of innovative American poetry has garnered accolades and fans inside and outside academia *The Language of Inquiry* is a comprehensive and wonderfully readable collection of her essays and its publication promises to be an important event for American literary culture Here Hejinian brings together twenty essays written over a span of almost twenty five years Like many of the Language Poets with whom she has been associated since the mid 1970s Hejinian turns to language as a social space a site of both philosophical inquiry and political address Central to these essays are the themes of time and knowledge consciousness and perception Hejinian's interests cover a range of texts and figures Prominent among them are Sir Francis Bacon and Enlightenment era explorers Faust and Sheherazade Viktor Shklovsky and Russian formalism William James Hannah Arendt and Martin Heidegger But perhaps the most important literary presence in the essays is Gertrude Stein the volume includes Hejinian's influential *Two Stein Talks* as well as two more recent essays on Stein's writings **The Poetics of Information Overload** Paul Stephens, 2015-07-30 Information overload is a subject of vital ubiquitous concern in our time *The Poetics of Information Overload* reveals a fascinating genealogy of information saturation through the literary lens of American modernism Although technology has typically been viewed as hostile or foreign to poetry Paul Stephens outlines a countertradition within twentieth and twenty first century literature in which avant garde poets are centrally involved with technologies of communication data storage and bureaucratic control Beginning with Gertrude Stein and Bob Brown Stephens explores how writers have been preoccupied with the effects of new media since the advent of modernism He continues with the postwar writing of Charles Olson John Cage Bern Porter Hannah Weiner Bernadette Mayer Lyn Hejinian and Bruce Andrews and concludes with a discussion of conceptual writing produced in the past decade By reading these works in the context of information systems Stephens shows how the poetry of the past century has had as a primary focus the role of data in human life **Word of Mouth** Chad Bennett, 2018-05-15 *Word of Mouth* brings together the insights of queer and lyric theory to tell the story of how gossip modeled forms of sociality and voice that poets experimented with over the course of the twentieth century Through a set of case studies of culturally diverse American poets Gertrude Stein Langston Hughes Frank O'Hara James Merrill and others who absorbed and contended with the loose talk that swirled about them and their work the book argues that gossip became a vehicle for the performance of

alternative sexualities and concomitant meditations on alternative modes of poetic practice At the heart of this argument is a queer revaluation of modern lyric poetry Attending to gossip s key role in modern and contemporary poetry enables a recognition of the unpredictable ways that conventional understandings of the modern lyric poem as for example an utterance smudging the lines between private and public knowing and unknowing intimacy and strangeness have been shaped by and afforded a uniquely suitable space for the expression of queer sensibilities More than simply mapping a curious poetic mode then Word of Mouth contributes a crucial and largely neglected queer perspective to current lyric studies and its renewed scholarly debate over the practices and forms of lyric poetry The book presents new and instructive queer contexts for understanding the influential formal achievements of Stein Hughes O Hara and Merrill and uncovers the unexpected ways that the history of the modern lyric intertwines with histories of sexuality

The Ecology of Modernism
Joshua Schuster, 2015-10-15 The Ecology of Modernism explores the unexpected absence of an environmental ethic in American modernist and avant garde poetics given its keen concern with an environmental aesthetic and explains why American modernism was never green Examining the relationships of key modernist writers poets and musicians to nature industrial development and pollution Joshua Schuster posits that the curious failure of modernist poets to develop an environmental ethic was a deliberate choice and not an inadvertent omission

F. Scott Fitzgerald: Novels and Stories 1920-1922 (LOA #117) Jackson R. Bryer, 2000-08-28 At the outset of what he called the greatest the gaudiest spree in history F Scott Fitzgerald wrote the works that brought him instant fame mastering the glittering aphoristic prose and keen social observation that would distinguish all his writing This Library of America volume brings together four volumes that collectively offer the fullest literary expression of one of the most fascinating eras in American life This Side of Paradise 1920 gave Fitzgerald the early success that defined and haunted him for the rest of his career Offering in its Princeton chapters the most enduring portrait of college life in American literature this lyrical novel records the ardent and often confused longings of its hero s struggles to find love and to formulate a philosophy of life Flappers and Philosophers 1920 a collection of accomplished short stories includes such classics as Dyrimble Goes Wrong Bernice Bobs Her Hair and The Ice Palace Fitzgerald continues his dissection of a self destructive era in his second novel The Beautiful and Damned 1922 as the self styled aristocrat Anthony Patch and his beautiful wife Gloria are cut off from an inheritance and forced to endure the excruciating dwindling of their fortune Here New York City playground for the pleasure loving Patches and brutal mirror of their dissipation is portrayed more vividly than anywhere else in Fitzgerald s work Tales of the Jazz Age 1922 his second collection of stories includes the novella May Day featuring interlocking tales of debutantes soldiers and socialists brought together in the uncertain aftermath of World War I and A Diamond as Big as the Ritz a fable in which the excesses of the Jazz Age take the hallucinatory form of a palace of unfathomable opulence hidden deep in the Montana Rockies
