Supporting Children's Well-Being During Early Childhood Transition to School Tatalović Vorkapić, Sanja,LoCasale-Crouch, Jennifer,2020-10-23 Life transitions differ concerning the intensity of the change and the intensity of the child s reaction to that change For most children the first and most significant transition is from the family home to an institution of early care and education which includes preschool These transitions can also include children s passage from kindergarten to elementary school However the intensity of the child s reaction is related to the size of the change that is happening and also to who or what is involved in that change and the importance a child attributes to that someone or something Supporting Children s Well Being During Early Childhood Transition to School is an essential scholarly publication that examines evidence based practices and approaches that fully support a child s well being during transition periods in early childhood It serves as a resource to rethink contemporary transition theoretical models research studies and applied practices Featuring a wide range of topics such as emotional competency language learners and professional development this book is ideal for academicians psychologists early childhood educators daycare centers curriculum designers policymakers researchers education professionals and students

Children's Language K. E. Nelson,2014-03-18 First published in 1983 This series Children s Language reflects the conviction that extensive work on entirely new fronts along with a great deal of reinterpretation of old front data will be necessary before any persuasive and truly orderly account of language For all volumes in the series there is a common scheme of operation with two tactics First to give authors sufficient planning time and freedom to arrive at a chapter length account of their area of thinking which vividly shows both the progress and the problems in that area with the author of each chapter free to find a workable proportion of new experimental contributions review and theory The second tactic concerns the selection of topics for each volume This is Volume 4 Structures about language and thought and children as employed in certain other fields may well be shaken and stimulated particularly in education sociology anthropology literature and language remediation
