Be a Husband please do not mistake it for a self help book Tim Dowling columnist for The Guardian husband father of three a  
person who once got into a shark tank for money does not purport to have any pearls of wisdom about wedded life What he  
does have is more than twenty years of marriage experience and plenty of hilarious advice for what not to do in almost every  
conjugal situation With the sharp wit that has made his Guardian columns a weekly must read Dowling explores what it  
means to be a good husband in the twenty first century The bar has been raised dramatically in the last hundred years back  
in the day every time you went out for cigarettes it was simply expected that you came back Now every time you re sent out  
for espresso pods and tampons it is expected that you come back with the right sort And being a father doesn t seem to  
command much innate respect these days either When his first child was born Dowling imagined himself eliciting a natural  
awe as the distant authoritative figurehead he did not anticipate his children hijacking his Twitter account to post heartfelt  
admissions of loserdom like Hi I suck at everything I try in life Still two decades of wedded bliss is nothing to sneeze at  
particularly from a couple who agreed to get married with the resigned determination of two people plotting to bury a body  
in the woods How to Be a Husband is a wickedly funny guide to surviving the era of The End of Men hint it involves DIY and  
an unexpectedly poignant memoir about love marriage and staying together until death doth you part     **The Husband**
