**Truestory** Catherine Simpson,2024-06-11 A mother tethered to her home by an autistic son who s tethered to his computer yearns for freedom in this sharply observed novel A terrific read The Herald Alice s life is dictated by her autistic son Sam who refuses to leave their remote Lancashire farm Her only escape is two hours in Lancaster on Tuesday afternoons Then one day her husband brings rootless wanderer Larry to the farm to embark on a money making scheme Alice is hostile but Larry beguiles Sam with tales of travel in the outside world and soon Alice begins to fall for him too By turns blackly comic heartbreaking and heartwarming Truestory looks at what happens when sacrifice slithers towards martyrdom and how even when we feel trapped in our lives we sometimes have more options than we realise Moving but never mawkish and ultimately hopeful providing a sympathetic portrait of a family struggling with autism in straitened times Sam s on line interactions with a motley group of friends are laugh out loud funny Sunday Mirror Simpson s writing is vivid perceptive and acute James Robertson Walter Scott Prize winning author of News of the Dead

**Legal Evidence and Proof** Henry Prakken,Hendrik Kaptein,2016-04-22 As a result of recent scandals concerning evidence and proof in the administration of criminal justice ranging from innocent people on death row in the United States to misuse of statistics leading to wrongful convictions in The Netherlands and elsewhere inquiries into the logic of evidence and proof have taken on a new urgency both in an academic and practical sense This study presents a broad perspective on logic by focusing on inference not just in isolation but as embedded in contexts of procedure and investigation With special attention being paid to recent developments in Artificial Intelligence and the Law specifically related to evidentiary reasoning this book provides clarification of problems of logic and argumentation in relation to evidence and proof As the vast majority of legal conflicts relate to contested facts rather than contested law this volume concerning facts as prime determinants of legal decisions presents an important contribution to the field for both scholars and practitioners

**Elemental Sensuous** John Murungi,2016-09-23 Under the guidance of phenomenological insights this book presents the sensuous in its elemental sense The elemental is not to be confused here with the classical notion of the atom which is viewed as a self contained entity into which all reality is reducible Rather the elemental is a living creative force that resists categorization This force embodies the principle of openness and opening a principle celebrated and given expression by numerous artists and other friends of the sensuous As elemental the sensuous irreducibly expresses itself in multiple ways The editors of this volume avoid posting themselves between the sensuous and those to whom it presents itself Each of the contributors here responds to the call of the elemental and each finds his or her starting point where everyone else starts and ends The multiple voices brought together here constitute a concert with the elemental sensuous as the conductor In reading this book the reader will become more aware of himself or herself and more aware of the world in which he or she lives
