struggles to settle into Carolina Cove as a single parent and finds himself envious of his dog when Rocco's escapes prove to be the canine's way of visiting the local coffee shop to get some much needed peace. Coming from a close knit military family, London Cohen learned at an early age to love fast because time is short. People come and go but each is special. She feels instant attraction when meeting Rocco's owner but she doesn't understand Cooper's mile high barriers when it comes to certain things like the kids in his care or his estranged father who happens to be one of her favorite customers. London finds herself drawn into the crossfire between Cooper and his family but can she help them find peace before it's too late.

MAP OF DREAMS Carolina Cohen dreams of traveling the world. She works a multitude of jobs during Carolina Cove's tourist season to travel the winter months until her cash runs out. Snagging her dream job as an international house sitter to a company catering to the elite would enable her to do so much more. Too bad it's as likely as winning the lottery. Silas Fletcher is a single dad of an eight year old genius daughter who doesn't have time for games. He works long hours and does all he can to be the dad his daughter deserves. Carolina is a walking disaster. She's gorgeous and funny, intriguing but flaky. Still, when he's in desperate need of childcare, Carolina comes through for him and the animosity felt after a disastrous first meeting ends up turning into something more. Much more. But as school begins and the tourist season draws to a close, Carolina must choose. Does she stay with the sexy single dad and precocious kid who've stolen her heart or follow her map of dreams?

WORTH THE RISK Frankie Cohen can't believe that some invisible magnet or higher plan has brought Grayson Carter back in her life yet again. But no matter how gorgeous or charming, she isn't giving Grayson another chance to break her heart. Not after she'd barely survived the last time. Grayson has made some big mistakes where Frankie is concerned but he's not about to let her get away again without telling her everything. He regrets hurting her and wants to make things right but when they finally get close and he learns the full extent of the pain he's caused her, he knows the best thing he can do for her is let her go. Frankie knows Grayson's guilt is the source of his fear. So how can she convince him love is worth the risk?

LOST LOVE FOUND Holland Cohen has a love hate relationship with her job. It's a dream profession: traveling the world to value list and sell items the rich no longer want. She's seen the best and worst of their private lives but she wonders if she'll ever find a love like that described in the love letters hidden in one of her latest assignments. Maximilian Bane is jaded by the attention his family's wealth brings out in the opposite sex but Holland Cohen seems to be the exception. Time will tell and time is something they have as she works through his grandmother's estate. Holland's fascination with the old letters is matched by her growing feelings for Max but when the truth results in his grandmother's disappearance, Max and Holland go head to head in a battle of wills that could cost them any hope of a future together. Once hearts are broken, can lost love be found again?
