MARKING GUIDELINES**

MARKS: 150

MARKING PRINCIPLES:

1. Unless otherwise stated in the marking guidelines, penalties for foreign items are applied only if the candidate is not losing marks elsewhere in the question for that item (no penalty for misplaced item). No double penalty applied.
2. Penalties for placement or poor presentation (e.g. details) are applied only if the candidate is earning marks on the figures for that item.
3. Unless otherwise stated, give full marks for correct answer. If answer is incorrect, mark workings.
4. If a pre-adjustment figure is shown as a final figure, allocate the part-mark for the working for that figure (not the method mark for the answer). Note: if figures are stipulated in memo for components of workings, these do not carry the method mark for final answer as well.
5. Unless otherwise indicated, the positive or negative effect of any figure must be considered to award the mark. If no + or – sign or bracket is provided, assume that the figure is positive.
6. Where indicated, part-marks may be awarded to differentiate between differing qualities of answers from candidates.
7. If candidates provide more than the required number of responses, inspect all responses to give benefit to the candidate. Penalties may be applied for foreign entries if candidates earn full marks on a question (max -2 per Q).
8. This memorandum is not for public distribution; as certain items might imply incorrect treatment. The adjustments made are due to nuances in certain questions.
9. Where penalties are applied, the marks for that section of the question cannot be a final negative.
10. Where method marks are awarded for operation, marker must inspect reasonableness of answer.
11. Operation means 'check operation'. 'One part correct' means operation and one part correct. Note: check operation must be +, -, x, ÷, or per memo.
12. In calculations, do not award marks for workings if numerator & denominator are swapped – this also applies to ratios.
13. In awarding method marks, ensure that candidates do not get full marks for any item that is incorrect at least in part. Indicate with a [3].
14. Be aware of candidates who provide valid alternatives beyond the marking guideline. Note that one comment could contain different aspects.
15. Codes: f = foreign item; p = placement/presentation.

These marking guidelines consist of 10 pages.

Handbook of Research-Based Practices for Educating Students with Intellectual Disability Karrie A.

Shogren, LaRon A. Scott, Evan E. Dean, Brad Linnenkamp, 2024-09-10 Now in its second edition this comprehensive handbook emphasizes research based practices for educating students with intellectual disability across the life course from early childhood supports through the transition to adulthood Driven by the collaboration of accomplished nationally recognized professionals of varied approaches lived experience and expertise and philosophies the book is updated with new theory and research based practices that have been shown to be effective through multiple methodologies to help readers select interventions and supports based on the evidence of their effectiveness Considering the field of intellectual disability from a transdisciplinary perspective it integrates a greater focus on advancing equity in educational outcomes for students This book is a professional resource and graduate level text for preservice and in service educators psychologists speech language therapists and other clinicians involved in the education of children youth and adults with intellectual disability **Inclusive**

Texts in Elementary Classrooms Amy J. Heineke, Aimee Papola-Ellis, 2022 Put children's diverse experiences at the center of the curriculum with texts that promote their identity development literacy engagement and comprehension and learning across the content areas This practical text includes guidance for setting learning goals that align with relevant standards and curricular directives as well as classroom examples teaching strategies and reflective questions **Independent**

Schools Yearbook 2012-2013 none, 2013-06-20 The highly respected book of reference of sought after Independent Schools in membership of the Independent Schools Council's Associations HMC GSA The Society of Heads IAPS ISA and COBIS **Purpose in Life** Kendall Cotton Bronk, 2013-09-04 This volume integrates and makes sense of the growing body of theoretical and empirical research conducted on purpose across the lifespan It opens with a comprehensive yet detailed discussion of the definitions of purpose most commonly used in studies on the topic In addition to defining the construct the author also discusses its philosophical roots and distinguishes it from related concepts including meaning goals and ultimate concerns This volume discusses the disparate perspectives on the construct and addresses the tendency to position purpose in the broader frame of positive psychology It synthesizes distinct strands of research on purpose across the lifespan it explores studies on the daily and longer term experience of a purposeful existence and it delves deeply into the wide range of measurement tools that have been used to assess the purpose construct Further it examines the prevalence and forms of purpose among diverse groups of youth and discusses the developmental trajectory of the construct Other topics discussed include the central role of purpose in supporting optimal well being and positive youth development The book closes with empirically supported steps adults educators and mentors can take to effectively and intentionally foster purpose among young people and makes recommendations for future research on the topic **Trust-Based Observations** Craig

Randall, 2020-07-30 The results are in observations are not improving teaching and learning Pertinently the Gates Foundation

s recently completed effort to improve student outcomes through enhancing the teacher evaluation process failed to achieve substantive improvement The way observations are currently designed serve as an obstacle to teacher risk taking Teachers fear negative evaluations when their pedagogy is rated and they lack faith in being supported by supervisors because a trusting relationship between them and their observer has not been built Trust Based Observations Maximizing Teaching and Learning Growth is a schema changing evaluation model that understands people perform at their best when they feel safe and supported It begins with twelve 20 minute observations per week followed by collegial conversations driven by reflective questions sharing observed teaching strengths and the building of safe and trusting relationships with teachers Add the elimination of rating pedagogical skills and replace it with rating mindset and teachers trust When teachers fully embrace risk taking and innovation it leads to remarkable teaching transformations and improved student learning
