*Southern Masculinity* Craig Thompson Friend, 2010-01-25 The follow up to the critically acclaimed collection *Southern Manhood: Perspectives on Masculinity in the Old South* Georgia 2004 *Southern Masculinity* explores the contours of southern male identity from Reconstruction to the present. Twelve case studies document the changing definitions of southern masculine identity as understood in conjunction with identities based on race, gender, age, sexuality, and geography. After the Civil War, southern men crafted notions of manhood in opposition to northern ideals of masculinity and as counterpoint to southern womanhood. At the same time, manliness in the South as understood by individuals and within communities retained and transformed antebellum conceptions of honor and mastery. This collection examines masculinity with respect to Reconstruction, the New South, racism, southern womanhood, the Sunbelt, gay rights, and the rise of the Christian Right. Familiar figures such as Arthur Ashe are investigated from fresh angles, while other essays plumb new areas such as the womanless wedding and Cherokee masculinity.

**The Southern Literary Messenger**, 1839      **Southern Literary Messenger**, 1839      **Portland Transcript**, 1860      **The Wesleyan-Methodist Magazine**, 1854      **Quintus Claudius, Volume 1 (of 2) (English Edition)** Ernst Eckstein, It was in Rome itself, in the sublime solemnity of the Colosseum, among the ruins of the palaces of the Caesars and crumbling pillars of the temples of the gods, that the first dreamy outlines rose before my fancy of the figures here offered to the reader's contemplation. Each visit added strength to the mysterious impulse to conjure up from their tombs these shadows of a mighty past, and afterwards at home, where the throng of impressions sorted and grouped themselves at leisure, my impulse ripened to fulfilment. I will not pause here to dwell on the fact that the period of Imperial rule in Rome bears in its whole aspect a stronger resemblance to the XIXth century than perhaps any other epoch before the Reformation; for without reference to this internal affinity, we should be justified in using it for the purpose of Romance simply by the fact that hardly another period has ever been equally full of the stirring conflict of purely human interest and of dramatic contrasts in thought, feeling, and purpose. I must be permitted to add a word as to the notes I purposely avoided disturbing the reader of the story by references in the text, and indeed the narrative is perfectly intelligible without any explanation. The notes in short are not intended as explanatory but merely to instruct the reader and complete the picture; they also supply the sources and give the evidence on which I have drawn. From this point of view, they may have some interest for the general public unfamiliar with the authorities.
