ACTIVITY 1

QUESTION 1: REASON WHY THE WORLD WAR I BROKE OUT.

Study the source and answer the questions that follow.

SOURCE A

World War I, also known as the Great War, began in 1914 after the assassination of Archduke Franz Ferdinand of Austria. His murder catapulted into a war across Europe that lasted until 1918. During the conflict, Germany, Austria-Hungary, Bulgaria and the Ottoman Empire (the Central Powers) fought against Great Britain, France, Russia, Italy, Romania, Canada, Japan and the United States (the Allied Powers). Thanks to new military technologies and the horrors of trench warfare, World War I saw unprecedented levels of carnage and destruction. By the time the war was over and the Allied Powers claimed victory, more than 16 million people—soldiers and civilians alike—were dead.

History Exam Papers Ksyear 9:

Constructing History 11-19 Hilary Cooper, Arthur Chapman, 2009-07-09 This book describes and exemplifies strategies for teaching history across the 11-19 age range in rigorous and enjoyable ways. It illustrates active learning approaches embedded in pupil-led enquiries through detailed case studies which involve students in planning and carrying out historical enquiries, creating accounts and presenting them to audiences in ways that develop increasingly sophisticated historical thinking. The case studies took place in a number of different localities and show how practising teachers worked with pupils during each year from Y6-7 to Y13 to initiate, plan and implement enquiries and to present their findings in a variety of ways. Each case study is a practical example which teachers can use as a model and modify for their own contexts, showing how independent learning linked to group collaboration and peer assessment can enhance learning. Social constructivist theories of learning applied to historical thinking underpin the book with particular emphasis on links between personalised and collaborative learning and e-learning.
