**Subordinating Intelligence** David P. Oakley, 2019-03-15 In the late eighties and early nineties driven by the post Cold War environment and lessons learned during military operations United States policy makers made intelligence support to the military the Intelligence Community's top priority In response to this demand the CIA and DoD instituted policy and organizational changes that altered their relationship with one another While debates over the future of the Intelligence Community were occurring on Capitol Hill the CIA and DoD were expanding their relationship in peacekeeping and nation building operations in Somalia and the Balkans By the late 1990s some policy makers and national security professionals became concerned that intelligence support to military operations had gone too far In *Subordinating Intelligence* The DoD CIA Post Cold War Relationship David P Oakley reveals that despite these concerns no major changes to national intelligence or its priorities were implemented These concerns were forgotten after 9 11 as the United States fought two wars and policy makers increasingly focused on tactical and operational actions As policy makers became fixated with terrorism and the United States fought in Iraq and Afghanistan the CIA directed a significant amount of its resources toward global counterterrorism efforts and in support of military operations

federal government      Manufactured Crisis James Simpson, 2024-09-24 Few could have imagined ten years ago where we'd be in America today. We are confronted on all sides by interminable crises that threaten the very fabric of our nation: from a border flooded with millions of migrants from all over the world to a fentanyl crisis killing more American youths every year than the past three wars combined. Radical transgender activism and other cultural insanity has pushed more youths to commit suicide than at any other time in history. It seems as though the world is rapidly coming unglued. But it is actually a diabolical plan that has been operating for over a hundred years and is now showing its face. This book describes this plan in excruciating detail and shows us a path out if we're willing to take it.      *The Lost Education of Horace Tate* Vanessa Siddle Walker, 2018-07-31 A Publishers Weekly Best Book of 2018. An important contribution to our understanding of how ordinary people found the strength to fight for equality for schoolchildren and their teachers. Wall Street Journal. In the epic tradition of *Eyes on the Prize* and with the cultural significance of John Lewis's March trilogy, an ambitious and harrowing account of the devoted black educators who battled southern school segregation and inequality. For two years, an aging Dr. Horace Tate, a former teacher, principal, and state senator, told Emory University professor Vanessa Siddle Walker about his clandestine travels on unpaved roads under the cover of night, meeting with other educators and with Dr. King, Georgia politicians, and even U.S. presidents. Sometimes he and Walker spoke by phone, sometimes in his office, sometimes in his home. Always, Tate shared fascinating stories of the times leading up to and following *Brown v. Board of Education*. Dramatically, on his deathbed, he asked Walker to return to his office in Atlanta in a building that was once the headquarters of another kind of southern strategy, one driven by integrity and equality. Just days after Dr. Tate's passing in 2002, Walker honored his wish. Up a dusty, rickety staircase, locked in a concealed attic, she found the collection: a massive archive documenting the underground actors and covert strategies behind the most significant era of the fight for educational justice. Thus began Walker's sixteen-year project to uncover the network of educators behind countless battles in courtrooms, schools, and communities for the education of black children. Until now, the courageous story of how black Americans in the South won so much and subsequently fell so far has been incomplete. *The Lost Education of Horace Tate* is a monumental work that offers fresh insight into the southern struggle for human rights, revealing little-known accounts of leaders such as W. E. B. Du Bois and James Weldon Johnson, as well as hidden provocateurs like Horace Tate.      **The Family Roe: An American Story** Joshua Prager, 2021-09-14 Finalist for the 2022 Pulitzer Prize for General Nonfiction. *The Costs of Conversation* Oriana Skylar Mastro Consulting LLC, 2019-03-15 After a war breaks out what factors influence the warring parties' decisions about whether to talk to their enemy and when may their position on wartime diplomacy change How do we get from only fighting to also talking In *The Costs of Conversation* Oriana Skylar Mastro argues that states are primarily concerned with the strategic costs of conversation and these costs need to be low before combatants are willing to engage in direct talks with their enemy Specifically Mastro writes leaders look to two factors when determining the probable strategic costs of demonstrating a willingness to talk the likelihood the enemy will interpret openness to diplomacy as a sign of weakness and how the enemy may change its strategy in response to such an

interpretation Only if a state thinks it has demonstrated adequate strength and resiliency to avoid the inference of weakness and believes that its enemy has limited capacity to escalate or intensify the war will it be open to talking with the enemy Through four primary case studies North Vietnamese diplomatic decisions during the Vietnam War those of China in the Korean War and Sino Indian War and Indian diplomatic decision making in the latter conflict *The Costs of Conversation* demonstrates that the costly conversations thesis best explains the timing and nature of countries approach to wartime talks and therefore when peace talks begin As a result Mastro s findings have significant theoretical and practical implications for war duration and termination as well as for military strategy diplomacy and mediation *Princeton Radicals of the 1960s, Then and Now* William H.
