Every year global automakers introduce new or significantly re engineered passenger vehicles with increasingly advanced technology intended to exceed consumer expectations and satisfy increasingly stringent government regulations Some of these technologies are firsts of their kind and start trends that other automakers soon follow with the innovations becoming adopted across the board The supply community is also increasingly playing a more significant role in helping the original equipment manufacturers research develop and introduce the latest engineering innovations that help bring competitive advantage for their automaker partners Each year the editors of SAE's Automotive Engineering magazine publish many articles focused on the technology and engineering innovations of new passenger and concept vehicles and these articles have been collected into this volume This 2015 Passenger Car and 2014 Concept Car Yearbook is the fourth in an ongoing series of books that provide yearly snapshots of the latest and greatest technologies introduced by the automotive industry In this book we explore from an OEM and supplier perspective the newest and most technically interesting production vehicles released for the 2015 model year In addition we also have included a technology focused recap of the concept cars revealed during 2014 Readers will have in one publication a complete overview of the key advances that took place over the course of the year from around the world Each new model is profiled in its own chapter with one or more articles by the award winning editors and contributors of Automotive Engineering in this exclusive compilation of print and online content The novel engineering aspects of each new vehicle are explored with exclusive interviews of key engineers and product developers providing insights you can only get from you can only get from Automotive Engineering This book is published for the most technically minded enthusiasts who are interested in new car technologies as well as practicing automotive engineers who are interested in new engineering trends Engineering trends explored focus on what engineers are doing to meet the sometimes conflicting consumer and governmental demands for improved vehicle fuel efficiency performance safety and comfort In short this book Provides a single source for information on the key engineering trends of the year from both automaker and supplier perspectives Allows the reader to skip to chapters that cover specific car models that interest them or read about all models from beginning to end Makes for dynamic book reading with its large number of big full color images and easy reading magazine format **Lemon-Aid New and Used Cars and Trucks 1990-2016** Phil

Edmonston,2015-11-21 This book steers buyers through the the confusion and anxiety of new and used vehicle purchases unlike any other car and truck book on the market Dr Phil Canada s best known automotive expert for more than forty five years pulls no punches *Lemon-Aid New and Used Cars and Trucks 1990-2015* Phil Edmonston,2013-11-18 Lemon Aid New and Used Cars and Trucks 1990 2015 steers the confused and anxious buyer through the purchase of new and used vehicles unlike any other car and truck book on the market Dr Phil Canada s best known automotive expert for more than 42 years pulls no punches **Lemon-Aid New and Used Cars and Trucks 2007-2017** Phil Edmonston,2017-03-11 Steers buyers through the the confusion and anxiety of new and used vehicle purchases like no other car and truck book on the market Dr Phil along with George Iny and the Editors of the Automobile Protection Association pull no punches *Racing Toward Zero* Kelly Senecal,Felix Leach,2021-06-01 In *Racing Toward Zero* the authors explore the issues inherent in developing sustainable transportation They review the types of propulsion systems and vehicle options discuss low carbon fuels and alternative energy sources and examine the role of regulation in curbing emissions All technologies have an impact on the environment from internal combustion engine vehicles to battery electric vehicles fuel cell electric vehicles and hybrids there is no silver bullet The battery electric vehicle may seem the obvious path to a sustainable carbon free transportation future but it s not the only nor necessarily the best path forward The vast majority of vehicles today use the internal combustion engine ICE and this is unlikely to change anytime soon Improving the ICE and its fuels entering a new ICE age must be a main route on the road to zero emissions How do we go green The future requires a balanced approach to transportation It s not a matter of choosing between combustion or electrification it s combustion and electrification As the authors say The future is eclectic By harnessing the best qualities of both technologies we will be in the best position to address our transportation future as quickly as possible ISBN 9781468601466 ISBN 9781468601473 ISBN 9781468602005 DOI 10 4271 9781468601473 Marketing Paul Baines,Chris Fill,Sara Rosengren,2017 Do you want to know how a quintessentially British brand expands into the Chinese market how organizations incorporate social media into their communication campaigns or how a department store can channel its business online What can you learn from these practices and how could it influence your career whether in marketing or not Marketing 4th edition will provide the skills vital to successfully engaging with marketing across all areas of society from dealing with skeptical consumers moving a business online and deciding which pricing strategy to adopt through to the ethical implications of marketing to children and being aware of how to use social networking sites to a business advantage In this edition a broader range of integrated examples and market insights within each chapter demonstrate the relevance of theory to the practice featuring companies such as Porsche Facebook and L Oreal The diversity of marketing on a global scale is showcased by examples that include advertising in the Middle East Soberana marketing in Panama and LEGO s expansion into emerging markets Theory into practice boxes relate these examples back the theoretical frameworks models and concepts outlined in the chapter giving a

fully integrated overview of not just what marketing theory looks like in practice but how it can be used to promote a company's success. Video interviews with those in the industry offer a truly unique insight into the fascinating world of a marketing practitioner. For the fourth edition, the authors speak to a range of companies from Withers Worldwide to Aston Martin, the City of London Police to Spotify, asking marketing professionals to talk you through how they dealt with a marketing problem facing their company. Review and discussion questions conclude each chapter, prompting readers to examine the themes discussed in more detail and encouraging them to engage critically with the theory. Links to seminal papers throughout each chapter also present the opportunity to take learning further. Employing their widely praised writing style, the authors continue to encourage you to look beyond the classical marketing perspectives by contrasting these with the more modern services and societal schools of thought, while new author Sara Rosengren provides a fresh European perspective to the subject. The fourth edition of the best-selling *Marketing* will pique your curiosity with a fascinating contemporary and motivational insight into this dynamic subject. The book is accompanied by an Online Resource Centre that features:

- For everyone: Practitioner Insight videos, Library of video links, Worksheets, For students: Author Audio Podcasts, Multiple choice questions, Flashcard glossaries, Employability guidance and marketing careers insights, Internet activities, Research insights, Web links, For lecturers: VLE content, PowerPoint Slides, Test bank, Essay Questions, Tutorial Activities, Marketing Resource Bank, Pointers on Answering Discussion questions, Figures and Tables from the book, Transcripts to accompany the practitioner insight videos.
