

The image contains two anatomical diagrams. On the left is a detailed illustration of the human muscular system, showing the muscles of the torso, arms, and legs in a reddish-pink color. On the right is a diagram of the human skeletal system, showing the bones in a light tan color. Below the skeletal diagram is a small table with two columns, likely listing bones and their corresponding numbers or names, though the text is too small to read.

A detailed anatomical diagram of the human central nervous system. The main illustration shows a lateral view of the brain with the spinal cord extending downwards. The brain is colored in shades of pink and red, while the spinal cord is yellow. Labels with leader lines point to various parts: 'Cerebrum' (the large, wrinkled part), 'Cerebellum' (the smaller, more textured part at the back), 'Brainstem' (the base of the brain), 'Spinal cord' (the long, yellow structure), 'Cranial nerves' (nerves exiting the brain), and 'Spinal nerves' (nerves exiting the spinal cord). A smaller inset diagram at the bottom right shows a cross-section of the brain, with labels for 'Cerebrum', 'Cerebellum', 'Brainstem', and 'Spinal cord'.

This diagram illustrates the internal anatomy of the human eye. The main cross-section shows the cornea, iris, lens, vitreous body, retina, and optic nerve. Labels include: Cornea, Iris, Lens, Vitreous body, Retina, Optic nerve, and Sclera. Below the main diagram, there are two smaller diagrams showing the cross-section of the optic nerve, with labels for the optic nerve head, optic nerve, and optic chiasm.

An anatomical illustration of the human respiratory system. It shows the trachea (windpipe) leading from the larynx down to the bronchi, which branch into the two lungs. The lungs are shown in a cross-section, revealing the internal branching structure of the bronchi and the spongy texture of the lung tissue. The heart is visible in the center, between the two lungs.

This diagram illustrates the anatomy of the human ear. The external ear (pinna) is shown on the right, leading into the ear canal. The middle ear is depicted in the center, containing the ossicles (malleus, incus, stapes). The internal ear is shown on the left, including the cochlea (responsible for hearing) and the vestibular system (responsible for balance). Labels indicate various parts of the ear, such as the eardrum (tympanic membrane) and the oval and round windows of the cochlea.
