

## Human Blood Cell Typing

What divided your team?

### Object

The objective of this activity is to understand blood typing and its importance to the transfusion. Using simple interactions with red blood cells, students will learn how the body is able to protect against disease and fight off infection by antibodies. Students will learn the four blood types and how they are determined by antigens. They will also learn how the body can fight off infection by antibodies and how they are determined.

### Object 1 – Red Blood Cells and Antibodies
