A History of Silence Alain Corbin,2018-05-29 Silence is not simply the absence of noise It is within us in the inner citadel that great writers thinkers scholars and people of faith have cultivated over the centuries It characterizes our most intimate and sacred spaces from private bedrooms to grand cathedrals those vast reservoirs of silence Philosophers and novelists have long sought solitude and inspiration in mountains and forests Yet despite the centrality of silence to some of our most intense experiences the transformations of the twentieth century have gradually diminished its value Today raucous urban spaces and a continual bombardment from different media pressure us into constant activity We are losing a sense of our inner selves a process that is changing the very nature of the individual This book rediscovers the wonder of silence and with this a richer experience of life With his predilection for the elusive Corbin calls us to listen to another history

Masculine Virtue in Early Modern Spain Shifra Armon, 2016-03-03 *Masculine Virtue in Early Modern Spain* extricates the history of masculinity in early modern Spain from the narrative of Spain s fall from imperial power after 1640 This book culls genres as diverse as emblem books poetry drama courtesy treatises and prose fiction to restore the inception of courtiership at the Spanish Hapsburg court to the history of masculinity Refuting the current conception that Spain s political decline precipitated a crisis of masculinity *Masculine Virtue* maps changes in figurations of normative masculine conduct from 1500 to 1700 As Spain assumed the role of Europe s first modern centralized empire codes of masculine conduct changed to meet the demands of global rule Viewed chronologically Shifra Armon shows Spanish conduct literature to reveal three axes of transformation The ideal subject gendered male in both practice and law became progressively more adaptable to changing circumstances more intensely involved in currying his own public image and more desirous of achieving renown By bringing recent advances in gender theory to bear on normative rather than non normative masculinities of early modern Spain Armon is able to foreground the emergence of energizing new models of masculine virtue that continue to resonate today
