La Civilisation Chinoise:

La Civilisation Chinoise Moderne. Modern Chinese Civilization ... Translated ... by Elsie Martin Jones
Aimé François LEGENDRE, Elsie Martin JONES, 1929 **L'empire Chinois** Lamairesse, 1893 **Précis de civilisation chinoise** Rong Zhang-Fernandez, 2014-12-01 La Chine une superpuissance mondiale mergente nous fascine aussi bien par son passé d'une civilisation de plusieurs millénaires que par son présent en voie de modernisation spectaculaire Quelles sont les racines de cette civilisation et son évolution Quelles sont les principales formes de l'extraordinaire richesse du patrimoine culturel chinois Quel rôle cette tradition joue-t-elle dans le succès économique pour façonner les multiples visages de la réalité actuelle Chinese Civilization Marcel Granet, 2013-06-17 Originally published between 1920-70 The History of Civilization was a landmark in early twentieth century publishing It was published at a formative time within the social sciences and during a period of decisive historical discovery The aim of the general editor C K Ogden was to summarize the most up to date findings and theories of historians anthropologists archaeologists and sociologists This reprinted material is available as a set or in the following groupings Prehistory and Historical Ethnography Set of 12 0 415 15611 4 800 00 Greek Civilization Set of 7 0 415 15612 2 450 00 Roman Civilization Set of 6 0 415 15613 0 400 00 Eastern Civilizations Set of 10 0 415 15614 9 650 00 Judaeo Christian Civilization Set of 4 0 415 15615 7 250 00 European Civilization Set of 11 0 415 15616 5 700 00 **The Social Origins of Thought** Johannes F.M. Schick, Mario Schmidt, Martin Zillinger, 2022-03-11 By studying how different societies understand categories such as time and causality the Durkheimians decentered Western epistemology With contributions from philosophy sociology anthropology media studies and sinology this volume illustrates the interdisciplinarity and intellectual rigor of the category project which did not only stir controversies among contemporary scholars but paved the way for other theories exploring how the thoughts of individuals are prefigured by society and vice versa *East and West Entangled (17th-21st Centuries)* Rolando Minuti, Giovanni Tarantino, 2023 History has to reorient as the historian and sociologist Andre Gunder Frank observed In the global or globalised age a culture is no longer regarded as a discrete entity but rather as a hybrid formation that interacts with other cultures in an incessant process of multidirectional exchange Bringing together Eastern and Western case studies ranging from the seventeenth to the twenty first centuries this volume reminds historians that to conduct transcultural analyses they need to be alert to the multiple ways comic intents included in which difference is negotiated within contacts and encounters from selective appropriation to rejection or resistance **Bulletin**, 1929 **L. Richard's Comprehensive Geography of the Chinese Empire and Dependencies** Louis Richard, 1908 **L. Richard's ... Comprehensive Geography of the Chinese Empire and Dependencies ... Translated Into English, Revised and Enlarged** Louis Richard, 1908 *Review of Nations* Felix Vályi, 1927 Includes the section Recent Publications **A Brief History of Ancient China** Edward L Shaughnessy, 2023-07-13 A Brief History of Ancient China adapts a traditional Chinese historical format to present a multi faceted account of the first two millennia of

China's earliest history from the time of the legendary rulers Yao and Shun c 2000 BCE down to the end of the Qin dynasty 221-207 BCE Organised into five major sections it examines the political shifts of the major dynasties the histories of local states and the lives of key individuals Drawing on analysis of textual and visual materials and a variety of English and non-English sources Edward L Shaughnessy offers detailed insight into the contemporary religious and philosophical landscape governmental and legal practices and innovations in writing literature and music Incorporating recent developments in the field this book draws on archaeological discoveries from the last century and examines the lives of central female figures and other groups who are often underrepresented **Asian Review**, 1927 Beginning in 1895 includes the Proceedings of the East India Association **The Asiatic Review**, 1927 *The Immobile Empire* Alain Peyrefitte, 2013-05-21 In 1793 Lord George Macartney and an enormous delegation including diplomats doctors scholars painters musicians soldiers and aristocrats entered Beijing on a mission to open China to British trade But Macartney's famous refusal to perform the traditional kowtow before the Chinese Emperor was just one sign that the two empires would not see eye to eye and the trade talks failed The inability to develop a trade relation would have enormous consequences for future relations between China and the West Peyrefitte's vivid narrative of this fascinating encounter is based on extraordinary source materials from each side including the charming and candid diary of Thomas Staunton the son of one of Macartney's aides An example of history at its finest *The Immobile Empire* recaptures the extraordinary experience of two great empires in collision sizing each other up for the first time *The Idea of a Town* Joseph Rykwert, 2013-07-04 Roman towns and their history are generally regarded as being the preserve of the archaeologist or the economic historian In this famous unusual and radical book which touches on such disparate themes as psychology and urban architecture Joseph Rykwert has considered them as works of art His starting point is the mythical historical and ritual texts in which their foundation is recounted rather than the excavated remains such texts having parallels not merely in ancient Greece but also further afield Mesopotamia India and China To achieve his reading of the Roman town he has invoked the comparative method of the anthropologists and he examines first of all the Etruscan rite a group of ceremonies by which all or practically all Roman towns were founded The basic institutions of the town its walls and gates its central shrines and its forum are all of them part of a pattern to which the rituals and the myths that accompanied them provide clues Like in other closed societies these rituals and myths served to create a secure home for the citizen of Rome and to make him feel part of his city and place it firmly in a knowable universe It is refreshing to look at standard themes of the history of urban design from a nonrational point of view to see surveyors as quasi-priests and orthogonal planning as a sophisticated technique touched by divine mystery Rykwert's lasting worth will be to wrench us away from rationalist simplicities and to make us face the fundamental disquiet of the human spirit in its claim to a permanent place on the land Spiro Kostoff *Journal of the Society Architectural Historians* **Anthropology and the Greeks** S.C. Humphreys, 2013-10-11 The first section of the book deals with the history of the relationship of classical studies

and anthropology In the second section the more material aspects of ancient Greek life are considered and the author relates the economic history of the period to new approaches in archaeology and economic anthropology The place of kinship in the social structure of the Greek city state the social factors involved in the genesis of Greek philosophy and the structural and institutional components of freedom in classical Athens are all examined First published in 1978 *T'oung-pao* ,1898

Art, Global Maoism and the Chinese Cultural Revolution Jacopo Galimberti, Noemi de Haro García, Victoria H. F. Scott, 2019-11-18 This is the first book to explore the global influence of Maoism on modern and contemporary art Featuring eighteen original essays written by established and emerging scholars from around the world and illustrated with fascinating images not widely known in the west the volume demonstrates the significance of visuality in understanding the protean nature of this powerful worldwide revolutionary movement Contributions address regions as diverse as Singapore Madrid Lima and Maputo moving beyond stereotypes and misconceptions of Mao Zedong Thought s influence on art to deliver a survey of the social and political contexts of this international phenomenon At the same time the book attends to the similarities and differences between each case study It demonstrates that the chameleonic appearances of global Maoism deserve a more prominent place in the art history of both the twentieth and twenty first centuries **The Chinese Chameleon Revisited** Zheng Yangwen 郑阳文, 2014-09-01 By examining how the Middle Kingdom has been portrayed by foreigners and the Chinese themselves this volume advances a new perspective in our reading and interpretation of the Chinese past by placing these producers and presenters of China in the spotlight The chapters probe how these figures produced or presented the country cross examining their backgrounds and circumstances Their gaze upon the Middle Kingdom was dictated by religious and political conviction but also particularly by the consumers of that gaze Like invisible hands producers and consumers of China continue to constrain representations of the country looming larger than the literary artistic or journalistic works they produce This volume also addresses scholars of Europe and America who have overlooked what Western writers on China reveal about their own contexts which is indeed often more than they reveal about their ostensible subject As such the Middle Kingdom serves as a convenient mirror to reflect European and American anxieties and ambitions
