Portrait de Religion en Europe European Consortium for Church-State Research. Annual Conference, 2004 This volume contains studies from the perspective of the countries of the European Union on the communication of religion in the media and the arts in the context of the interface between freedom of expression and freedom of and respect for religion The studies deal with the basic legal framework of each state as it regulates the coverage of religious matters in the press television radio and the arts and the extent to which and the ways in which these institutions regulate themselves in religious affairs

Church and Society in Catholic Europe of the Eighteenth Century William J. Callahan, David Higgs, 1979-07-05 Of the great European institutions of the Old Regime the Catholic Church alone survived into the modern world The Church that emerged from the period of revolutionary upheaval which began in 1789 and from the long process of economic and social transformation characteristic of the nineteenth century was very different from the great baroque Church that developed following the Counter Reformation These studies of the Church in France Italy Spain Portugal Germany Austria Hungary and Poland on the eve of an era of revolutionary change assess the still intimate relationship between religion and society within the traditional European social order of the eighteenth century The essays emphasize social function rather than theological controversy and examine issues such as the recruitment and role of the clergy the place of the Church in education and poor relief the importance of popular religion and the evangelization of a largely illiterate population by the religious orders

Anticlericalism in Late Medieval and Early Modern Europe, 2021-10-11 Traditionally anticlericalism has been regarded as a significant historical factor by some historians even as the unifying focal point for the host of movements known as the Reformation of the sixteenth century In forty-one essays eminent historians of culture religion and society redefine and redirect the debate regarding the scope and impact of European anticlericalism during the period 1300-1700 The meaning of reform and resentment is here clearly articulated and the

sentiments are analyzed which were directed first against all levels of the Roman hierarchy and later as well against the evangelical pastor Using sources drawn from a wide variety of city and village archives of literary genres and theological tracts the articles presented here uncover the clusters of reform hope and bitter resentment directed toward parish priest monk bishop and pope in addition to the early Protestant clergy The volume highlights the continuity and discontinuity of anticlerical passion language goals and actions between the late medieval and Reformation periods The Council of Trent: Reform and Controversy in Europe and Beyond (1545-1700) Wim François, Violet Soen, Christopher B. Brown, Günter Frank, Bruce Gordon, Barbara Mahlmann-Bauer, Tarald Rasmussen, Zsombor Tóth, Günther Wassilowsky, Siegrid Westphal, 2018-09-10 Exactly 450 years after the solemn closure of the Council of Trent on 4 December 1563 scholars from diverse regional disciplinary and confessional backgrounds convened in Leuven to reflect upon the impact of this Council not only in Europe but also beyond Their conclusions are to be found in these three impressive volumes Bridging different generations of scholarship the authors reassess in a first volume Tridentine views on the Bible theology and liturgy as well as their reception by Protestants deconstructing many myths surviving in scholarship and society alike They also deal with the mechanisms Rome developed to hold a grip on the Council's implementation The second volume analyzes the changes in local ecclesiastical life initiated by bishops orders and congregations and the political strife and confessionalisation accompanying this reform process The third and final volume examines the afterlife of Trent in arts and music as well as in the global impact of Trent through missions
