La Fabrique Des Imposteurs:

La Fabrique des imposteurs Roland Gori, 2013-01-09T00:00:00+01:00 Au moment de sa déclaration de candidat à l'investiture à la présidence de la France François Hollande s'est présenté sous la bannière de la normalité pour renouveler la démocratie en France. Mais une démocratie ou une société doit-elle être normale ? L'ouvrage analyse les relations ambiguës et paradoxales que la démocratie entretient avec la norme et les processus de normalisation sociale et culturelle pour comprendre l'incroyable état de désignation du politique aujourd'hui. Désignation dont l'illustration la plus loquente est la confiscation de la pensée critique au moyen des procédures de l'évaluation et l'emprise de la religion du marché au cœur de nos sociétés et qui en prédisposant la dépression fait le lit d'une société totalitaire. Par l'un de nos psychanalystes les plus importants initiateur du fameux Appel des Appels et auteur de nombreux livres un essai qui nous exhorte à prendre conscience du nouveau malaise de notre civilisation pour mieux le dépasser.

Pierre Delion on Psychopolitics Pierre Delion, 2023-02-16 Pierre Delion is Professor Emeritus in the faculty of medicine at Lille a child psychiatrist and a psychoanalyst. His work is as straightforward as it is affecting but is little read in the English speaking world due to a lack of translation into English. Matthew Bowker in his excellent translation rectifies this unfortunate deficit to introduce English language readers to the affecting and wide ranging work of Pierre Delion through two of his best known essays. What is Institutional Psychotherapy examines the psychiatric establishment and institution arguing that for institutional psychotherapy to be effective we must care for the institution just as we must attend to the transference constellation of the patient the latter of which emerges only when the institution respects all the voices including the patient's involved in the patient's care. And as Delion duly notes What holds for person to person psychiatry also holds true for democracy. The Republic of False Selves maintains that our social bonds have been damaged or destroyed to the extent that the practice and meaning of democracy itself are now in question. Democracy for Delion refers not only to forms of government but also to a society based on freedom and equality or more generally still to a set of values political social or cultural ideals and principles. The democratic project then is threatened by contemporary political events media images neoliberal and technobureaucratic interventions and even or especially the treatment of the mentally ill. The combination of these two works into a single text invites readers to consider the broader political connections between the clinical institution and society as a whole. Delion's careful thoughtfulness paired with his vast experience and understanding opens up new avenues of discovery to the reader.

Translating Nations Ye Tian, 2024-12-30 This book critically examines the ways in which translation studies can offer a conceptual framework for understanding and researching international affairs drawing on examples from China's Belt and Road Initiative. The volume encourages new conceptualisations of our understanding of culture and communication through the lens of translation reenvisioning translation beyond the scope of the global circulation of cultural products. Tian explores the case study of the Belt and Road Initiative to show how nation branding and soft power can be understood through a translational lens if we rethink

of translation as the means by which cultures communicate and build relationships with each other while retaining their distinct dimensions In focusing on intertwining concepts across translation studies cultural studies and international relations universalism power identity and development the book showcases how it is a useful framework for understanding how translation studies can serve as a platform for multidisciplinary dialogue on a global scale This book will be of interest to scholars in translation studies cultural studies international relations and Asian studies

The New Aesthetics of Deculturation Thorsten Botz-Bornstein, 2019-08-22 What are the predominant aesthetics of the twenty first century Thorsten Botz Bornstein argues that deculturation embodied by the conspicuous vulgarity of kitsch is the overriding visual language of our times Drawing on the work of Islam scholar Olivier Roy who argued that religious fundamentalism arises when religion is separated from the indigenous cultural values Botz Bornstein shows that the production of absolute truths through deculturation also exists in contemporary education The neoliberal environment has separated learning from culture by emphasizing standardization and quantified learning outcomes In a globalized environment the idea of culture is no longer available as a referent instead we are taught to rely on the culturally neutral term excellence For Botz Bornstein this is an absolute value similar to the truth of religious fundamentalists Similarly kitsch is what happens when aesthetic values are separated from cultural contexts Kitsch is aesthetic fundamentalism Kitsch aesthetics are an aesthetics of excellence The consumption of kitsch can be understood as an intrinsically narcissistic impulse reinforced by social media individuals recycling their own selves without being confronted with the culture of the other The existence of self centred alternative truths fake news and conspiracy theories and selfies are linked together in the fundamentalism neoliberalism kitsch pattern Including analysis of the intersections of cute excellent sublime and interesting in contemporary aesthetic culture this is a journey through philosophy psychology and cultural theory redefining a new aesthetics of deculturation

Veils, Nudity, and Tattoos Thorsten Botz-Bornstein, 2015-08-27 At first sight tattoos nudity and veils do not seem to have much in common except for the fact that all three have become more frequent more visible and more dominant in connection with aesthetic presentations of women over the past thirty years No longer restricted to biker and sailor culture tattoos have been sanctioned by the mainstream of liberal societies Nudity has become more visible than ever on European beaches or on the internet The increased use of the veil by women in Muslim and non Muslim countries has developed in parallel with the aforementioned phenomena and is just as striking Through the means of conceptual analysis Veils Nudity and Tattoos The New Feminine Aesthetics reveals that these three phenomena can be both private and public humiliating and empowering and backward and progressive This unorthodox approach is traced by the three s similar social and psychological patterns and by doing so Veils Nudity and Tattoos hopes to sketch the image of a woman who is not only sexually emancipated and confident but also more and more aware of her cultural heritage

Le Procès de la Technique Serge Carfantan, Le terme proc s peut s entendre en deux sens Il y a bien s r le plus vident la mise en accusation juridique devant un tribunal o une personne est appel e rendre des comptes devant la justice Mettre la technique en proc s revient l accuser d un certain nombre de m faits qu elle aurait commis au cours de l Histoire et de calamit s dont elle est encore la cause aujourd hui Effectivement on trouvera dans ce volume un certain nombre de critiques dans ce sens Mais ce n est pas le plus important Le second sens du mot proc s est moins courant est une formule abr g e de processus ou encore de procession Dans un sens logique nous pourrions crire le proc s de la dialectique de Hegel Parler de proc s de la technique veut dire ici voquer son cours son auto d velopp ement temporel Le sens est moins critique que le pr c dent il fait aussi partie des consid rations de ce livre que l on ne doit donc pas prendre comme une attaque en r gle contre la technique en g n ral De toutes mani res comme dit Jacques Ellul tre contre la technique c est comme tre contre la pluie ou une avalanche cela n a gu re de sens Ce n est vraiment pas l objet puisqu il s agit surtout de la comprendre et de comprendre la place qu elle occupe comme processus dans le monde et dans nos vies Penser que la technique est un processus qui est devenu envahissant dans la culture de l Occident est un fil conducteur tout fait pertinent Il permet de d passer l id e que la technique serait un simple moyen Dans l id e de moyen au service d une fin implicitement nous admettons une ind pendance entre celui qui agit et les moyens dont il se sert nous admettons alors que la technique est une mani re de faite qui rel ve de l habilet et ne contamine pas celui qui agit Bref nous pensons la technique sur un mode artisanal ou mieux encore sur un mode artistique L id e est parfaitement juste ce niveau et elle a m me t c l br e par Ivan Illich quand il a d velopp ses th ses sur la convivialit L outil convivial c est celui qui est au service d un savoir faire qui n ali ne pas celui qui l utilise L outil qui est v ritablement au service d une cr ativit qui n est pas englu e au processus en sorte que l homme deviendrait esclave de la technique elle m me asservie sa n cessit propre son processus exponentiel dans le sens exact o la Modernit a lanc ce processus quand le paradigme m caniste est devenu une mani re exclusive de penser le r el Gandhi en ce sens a c l br l arriv e de la machine coudre car il y voyait une mani re de donner un instrument de travail efficace aux couturi res indiennes sans que cela oblit re

sophisticated and convincingly argued this book contends that there is only one truly serious literary problem the transmission of texts to posterity It will appeal to specialists in literature in particular eighteenth century French literature as well as scholars and students of philosophy and book history **Leur patient préféré** Violaine de Montclos,2016-02-03
