Oedipus and the Sphinx Almut-Barbara Renger,2013-09-03 When

Oedipus met the Sphinx on the road to Thebes he did more than answer a riddle he spawned a myth that told and retold would become one of Western culture's central narratives about self understanding Identifying the story as a threshold myth in which the hero crosses over into an unknown and dangerous realm where rules and limits are not known Oedipus and the Sphinx offers a fresh account of this mythic encounter and how it deals with the concepts of liminality and otherness Almut Barbara Renger assesses the story's meanings and functions in classical antiquity from its presence in ancient vase painting to its absence in Sophocles's tragedy before arriving at two of its major reworkings in European modernity the psychoanalytic theory of Sigmund Freud and the poetics of Jean Cocteau Through her readings she highlights the ambiguous status of the Sphinx and reveals Oedipus himself to be a liminal creature providing key insights into Sophocles's portrayal and establishing a theoretical framework that organizes evaluations of the myth's reception in the twentieth century Revealing the narrative of Oedipus and the Sphinx to be the very paradigm of a key transition experienced by all of humankind Renger situates myth between the competing claims of science and art in an engagement that has important implications for current debates in literary studies psychoanalytic theory cultural history and aesthetics

A Companion to Under the Volcano Lawrence J. Clipper, Christopher Ackerley, 2011-11-01 An item by item discussion of the innumerable often obscure details of Malcolm Lowry's novel this book comprises 1 600 notes covering some 7 000 specific points The notes are keyed to page numbers in the Penguin paperback and the two standard hardback editions The appendices include a glossary bibliography maps of the region and an index of motifs In their comprehensive but unpedantic commentary on the novel's complexities the authors' emphasis is on the narrative level All points of obscurity are followed by an interpretation of fact Thus references are noted to films books places foreign languages and national and tribal histories Special attention is given to the literary mystical and Mexican background

Greek Tragedy into Film Kenneth MacKinnon, 2013-10-08 If Greek tragedy is sometimes regarded as a form long dead and buried both theatre producers and film directors seem slow to accept its interment Originally published in 1986 this book reflects the renewed interest in questions of staging the Greek plays to give a comprehensive account and critical analysis of all the important versions of Greek tragedy made on film From the 1927 footage of the re-enactment of Aeschylus Prometheus in Chains at the Delphi Festival organised by Angelos Sikelianos to Pasolini's Notes for an African Oresteia the study encompasses the version of Oedipus by Tyrone Guthrie Tzavellas's Antigone with Irene Papas Michael Cacoyannis's series which included Electra The Trojan Women and Iphigeneia Pasolini's Oedipus and Medea with Maria Callas Miklos Jancso's Elektra Dassin's Phaedra and others Many interesting questions are raised by the transference of a highly stylised form such as Greek tragedy to what is often claimed to be the realistic medium of film What becomes clear is that the heroic myths retain with ease the power to move the audiences in very different milieux through often strikingly different means The book may be read as an adjunct to viewing of the films but enough synopsis is given to make its arguments accessible to those familiar only with the classical texts or with neither version

The 1940 Under the Volcano Malcolm Lowry, 2015-10-22 The 1940 *Under the Volcano* hidden for too long in the shadows of Lowry's 1947 masterpiece differs from the latter in significant ways It is a bridge between Lowry's 1930s fiction especially *In Ballast to the White Sea* and the 1947 *Under the Volcano* itself Joining the recently published *Swinging the Maelstrom* and *In Ballast to the White Sea* The 1940 *Under the Volcano* takes its rightful place as part of Lowry's exciting 1930s early 40s trilogy Scholars have only recently begun to pay systematic attention to convergences and divergences between this earlier work and the 1947 version Miguel Mota and Paul Tiessen's insightful introduction together with extensive annotations by Chris Ackerley and David Large reveal the depth and breadth of Lowry's complex vision for his work This critical edition fleshes out our sense of the enormous achievement by this twentieth century modernist Published in English [The Poetic Idioms of Jean Cocteau's Art](#) James Jackson, 2024-09-23 Cocteau had an ambition many a poet has to become immortal But he perhaps more than most addressed this ambition directly in a great many of his plays poems and films This book puts the work of this elusive and compelling poet under the microscope examining how he channeled the concerns and anxieties of his age and beyond into his creations Putting aside anecdotes of his life and other biographical minutiae it turns to the creative achievements of the polymath some well known some less so to examine how he wrestles with the profound questions that concern human nature and enters into a conversation with his creative forebears on matters relating to love imagination suffering and consolation

Education in France, 1961 **Peter Brook** Michael Kustow, 2013-10-17 Peter Brook is one of the most influential directors of our time whose productions are a byword for imagination energy and innovation He was born into a Russian migr family in London and after a turbulent time at Oxford University he veered between directing West End comedy new work from abroad and opera at Covent Garden By the 1960s he was moving towards greater experimentation with controversial works like *The Marat Sade* films like *Lord of the Flies* and landmark stagings of Shakespeare of which the most famous was the white box production of *A Midsummer Night's Dream* In 1970 at the height of his success he moved to Paris and immediately set off with a group of actors to Persia Africa Mexico and the USA in an attempt to discover a universal language of theatre Since then Brook has continued pushing at the boundaries of theatre and film In this first authoritative biography arising out of an association and friendship with Brook of more than forty years Michael Kustow tells the revealing story of a man whose life has been a never ending quest for meaning

What is Cinema? Hugh Gray, 1970 *What Is Cinema?* André Bazin, 2005 These two volumes have been classics of film studies for as long as they've been available and are considered the gold standard in the field of film criticism *Theatre Sciences* Eli Rozik, 2015-06-26 Traditional theatre semiotics promoted a scientific approach to theatre studies albeit viewing semiotics as the unique discipline of research *Theatre Sciences A Plea for a Multidisciplinary Approach to Theatre Studies* suggests instead a multi disciplinary approach including the following theoretical disciplines narratology mythology pragmatics ethics theatre irony theory of genres aesthetics semiotics theory of non verbal figures of speech rhetoric psychoanalysis reception

theory history and sociology with semiotics being only one among equals These disciplines are presented from the perspective of their possible contributions to a sound methodology of theatre texts analysis Traditional theatre semiotics moreover holds the view that the actual performance on stage is the genuine text of theatre instead of the play script Despite this paradigmatic shift however this viewpoint has failed to produce commendable analyses of such texts The alternative presupposition put forward in this volume entails a series of novel perceptions of the theatre text and its possible impact on the experiencing spectator whose role in reading interpreting and experiencing the theatre text is not less crucial than that of the text itself This view presupposes that the theatre text is a description of a fictional world generated by the theatre medium The author also contests the age old view that a theatre fictional text reflects a simple narrative structure and suggests instead a complexity that consists of seven layers personified mythical praxical naive ironic modal and aesthetic with each one of them re structuring the previous layer Professor Rozik also presents and describes a semiotic layer that lends communicative capacity to the description of a fictional world and two additional metaphoric and rhetoric layers which structure the theatre experience The underlying purpose is to illustrate the application of the aforementioned disciplines to these fictional layers and eventually their joint application to entire theatre fictional texts Organisation of the book reflects the structure of a university course
