diagnostic tests developing need based material using the mother tongue to ensure active participation of the masses and re examining the language policies in Asian countries The papers collected here also explore the implementation of Task based Language Teaching the integration of technology in developing language skills and the use of games and activities to engage the interest of low level learners while teaching both literature and language further linking them with their culture and society The book offers a reflection of the changes that have taken place in the teaching environment in the last two decades with the introduction of Communicative Language Teaching and as such will be of immense help for policy framers and educators in South Asian countries and in countries where English is a second or foreign language Furthermore the volume offers valuable information for researchers working in the field of English Language Teaching ELT which can be used for reviewing literature and exploring the directions in which the new teaching methods and approaches are leading and establishing the validity of research **Second Language Teaching and Learning through Virtual Exchange** Shannon M. Hilliker,2022-02-21 Virtual exchanges provide language learners with a unique opportunity to develop their target language skills support inter cultural exchange and afford teacher candidates space to hone their teaching craft The research presented in this volume investigates the role of virtual exchanges as both a teaching tool to support second language acquisition and a space for second language development Practitioners obtain guidance on the different types of exchanges that currently exist and on the outcome of those exchanges so that they can make informed decisions on whether to include this type of program in their language teaching and learning classrooms To this end this edited volume contains chapters that describe individual virtual exchanges along with results of research done on each exchange to show how the exchange supported specific second language teaching and learning goals **Islamic Law and Human Rights** Moataz El Fegiery,2016-08-17 This book explores the development of the Muslim Brotherhood s thinking on Islamic law and human rights and argues that the Muslim Brotherhood has exacerbated rather than solved tensions between the two in Egypt The organisation and its scholars have drawn on hard line juristic opinions and reinvented certain concepts from Islamic traditions in ways that limit the scope of various human rights and advocate for Islamic alternatives to international human rights The Muslim Brotherhood s practices in opposition and in power have been consistent with its literature As an opposition party it embraced human rights language in its struggle against an authoritarian regime but advocated for broad restrictions on certain rights However its recent and short lived experience in power provides evidence of its inclination to reinforce restrictions on religious freedom freedom of expression and association and the rights of religious minorities and to reverse previous reforms related to women s rights The book concludes that the peaceful management of political and religious diversity in society cannot be realised under the Muslim Brotherhood s model of a Shari a state The study advocates for the drastic reformation of traditional Islamic law and state impartiality towards religion as an alternative to the development of a Shari a state or exclusionary secularism This transformation is however contingent upon significant long

term political and socio cultural change and it is clear that successfully expanding human rights protection in Egypt requires not the exclusion of Islamists but their transformation Islamists still have a large constituency and they are not the only actors who are ambivalent about human rights Meanwhile Islamic law also appears to continue to influence Egypt s law The book explores the prospects for certain constitutional and institutional measures to facilitate an evolutionary interpretation of Islamic law provide a baseline of human rights and gradually integrate international human rights into Egyptian law
