The Doctor-Approved Cannabis Handbook Benjamin Caplan, 2023-10-17. Forget everything you think you know about cannabis and embrace an all-natural therapy for treating both immediate and long-term conditions. This is the science-backed, doctor-approved guide to cannabis for adults who are serious about improving their health. The medical benefits of cannabis have never been clearer. But the explosion of the cannabis marketplace has left behind the people who can benefit most: adults looking for trustworthy care. Now from Dr. Benjamin Caplan, the authoritative face of cannabis medicine, comes *The Doctor-Approved Cannabis Handbook*, the ultimate resource for navigating cannabis treatments. Even with an abundance of patients eager for guidance, there is scarce access to reliable cannabis-focused medical care and information. Doctors typically offer little help despite the wide range of benefits cannabis products can provide, particularly to older patients and those with chronic illnesses. As cannabis often has a ripple effect, addressing multiple issues simultaneously, it can be life-changing for anyone who suffers from multi-system health concerns, enhancing or even replacing many of their current medications. Dr. Caplan is a licensed, board-certified Family Physician who has overseen care of over 250,000 patients with guided cannabis care. In this new book, he explains clearly how cannabis works, which products are best for specific illnesses, typical dosages to use, and more, all in an easy-to-understand format to make the process as straightforward and accessible as

possible The Doctor Approved Cannabis Handbook covers how safe cannabis use can help individuals manage the symptoms of a variety of common conditions such as Cognitive decline Cancer Chronic Pain Depression Diabetes Insomnia Headaches The Doctor Approved Cannabis Handbook lets readers address their ailments with customized cannabis treatment recommendations With increasingly safe and legal access to medical marijuana products there has never been a better time to take advantage of legitimate and effective cannabis medicine and take control of your health in the process **Telomere Miracle** Ed Park, MD, 2018-01-23 What if everything you think you know about getting older and staying healthy is wrong Ed Park M D offers the revolutionary idea that disease and aging in humans all arises from a single source genetic errors caused by shortening of telomeres or the sequences of DNA at the ends of our chromosomes Telomeres naturally wear down over time and thus when cells replicate as they do all the time in our bodies they re creating progressively poorer quality duplicates of themselves like making a Xerox of a Xerox of a Xerox Ultimately the body deteriorates resulting in a range of ailments many of which we associate with aging from diabetes to hypertension to macular degeneration to cancer Happily Ed tells us it s possible to slow or even reverse this process and effectively turn back the clock In The Telomere Miracle he explains cutting edge science in a lively style using illustrations and metaphors ranging from auto parts to superheroes Then he shows readers how they can intervene in the aging process by boosting the activity of the enzyme telomerase naturally by understanding and optimizing six key areas of breathing mindset sleep exercise diet and supplements Ganja Yoga Dee Dussault, 2017-04-18 In this book yoga teacher Dee Dussault brings the ancient tradition of using cannabis to enhance spiritual practice to a western audience She describes the act of Ganja Yoga as a ceremony that makes conscious relaxation an intentional ritual that can be improved upon with practice Dee Dussault is a certified yoga instructor and the first person to bring cannabis enhanced yoga classes to North America In Ganja Yoga Dee walks readers through the considerations and best practices for introducing cannabis into your yoga practice or infusing yoga into your smoking routine It s equally useful for those who want to attend classes or use the book in the comfort of their own homes Ganja Yoga will assist readers in how to Reap the benefits of profound relaxation Assume an altered state in a safe energizing way Deepen the spiritual practice of yoga Reconnect with the body using ancient techniques Select the best setting time method of consumption strains poses and breathing techniques to ensure an excellent experience Ganja Yoga isn t just a guide to mixing cannabis and exercise it s a lifestyle practice for a more stress free harmonious world Cancer: Improving Your Odds John G. Herron, 2019-12-16 Are you looking for actionable things that you can do to help your cancer treatment or possibly prevent cancer in the first place Something with scientific evidence that it works Something that you won t be embarrassed to discuss with your family doctor or oncologist Something that can improve your immune system and general health That is exactly what you will find in this book Read on for Actionable methods for naturally treating and preventing cancer the scientific way not the internet blogger way Simple things that you can add to your medical treatment to Improve Your Odds of successfully fighting cancer 100%

backed by science that you or your doctor can easily verify Easy to read and understand but formatted so that you can share the science with your doctor Improve your immune system and general health Evidence that some of the recommendations may significantly improve immunotherapy outcomes as well as benefit chemotherapy and radiotherapy treatments New research information that has the potential to save many lives My hope is you ll use this information to improve your medical treatment not replace it Even though some of the natural treatments have been scientifically shown to be very effective on their own they are even more effective when used in conjunction with modern medicine This is called adjuvant therapy You should strive to Improve Your Odds of beating cancer not thumb your nose at modern medicine You do not need a scientific or medical background to understand this narrative but its claims are evidenced with scientific abstracts that your doctor will appreciate abstracts that you can skip if you wish to cut your reading time in half You will find that all recommendations have solid evidence behind them this isn t just another book where someone is simply making it all up and telling you what you want to hear You should read this book with a highlighter and pencil at your side This book has been extensively researched and some of the information found here you will probably find in no other book or medical website There is a special emphasis on how you can improve your immune system to better fight almost any cancer even before you know you have it You aren t trying to fire your doctor you just want to help Improve Your Odds This book will help you do that Your oncologist will want to know all of the supplements you are taking and why This book includes the scientific abstracts and the information they need to find the full research studies This will explain the why so you don t have to They may also want to geek out on all of this science as they rarely get exposed to research on natural cancer treatments Finally this book enables you to take some control over your cancer treatment or genetic predisposition In fact most of the recommendations in this book are great even if you are healthy as they can help prevent cancer and improve your immune system too Whether you may have breast cancer skin cancer lung cancer etc improving the immune system and your body s ability to fight cancer is always beneficial

Bliss Brain Dawson Church,2022-03-22 Award Winner in the Science category of the 2020 Best Book Awards sponsored by American Book Fest Award winning author and thought leader Dawson Church Ph D blends cutting edge neuroscience with intense firsthand experience to show you how you can rewire your brain for happiness starting right now Neural plasticity the discovery that the brain is capable of rewiring itself is now widely understood But what few people have grasped yet is how quickly this is happening how extensive brain changes can be and how much control each of us has over the process In Bliss Brain famed researcher Dawson Church digs deep into leading edge science and finds stunning evidence of rapid and radical brain change In just eight weeks of practice 12 minutes a day using the right techniques we can produce measurable changes in our brains These make us calmer happier and more resilient When we cultivate these pleasurable states over time they become traits We don t just feel more blissful as a temporary state the changes are literally hard wired into our brains becoming stable and enduring personality traits The startling conclusions of Church s research

show that neural remodeling goes much farther than scientists have previously understood with stress circuits shriveling over time Simultaneously The Enlightenment Circuit associated with happiness compassion productivity creativity and resilience expands During deep meditation Church shows how the 7 neurochemicals of ecstasy are released in our brains These include anandamide a neurotransmitter that's been named the bliss molecule because it mimics the effects of THC the active ingredient in cannabis It boosts serotonin and dopamine the first is an analog of psilocybin the second of cocaine He shows how cultivating these elevated emotional states literally produces a self-induced high While writing Bliss Brain Church went through a series of disasters including escaping seconds ahead of a California wildfire that consumed his home and office and claimed 22 lives The fire triggered a painful medical condition and a financial disaster Through it all Church steadily practiced the techniques of Bliss Brain while teaching them to thousands of other people This book weaves his story of resilience into the fabric of neuroscience producing a fascinating picture of just how happy we can make our brains no matter what the odds

Moody Bitches Julie Holland, 2016-02-09 As women we learn from an early age that our moods are a problem To succeed in life we are told we must have it all under control we have to tamp down our inherent shifts in favor of a more static way of being But our bodies are wiser than we imagine Moods are not an annoyance to be stuffed away they are a finely tuned feedback system that can tell us how best to manage our lives Our changing moods let us know when our bodies are primed to tackle different challenges and when we should be alert to developing problems They help us select the right tool for each of our many jobs If we deny our emotionality we deny the breadth of our talents With the right care of our inherently dynamic bodies we can master our moods to avail ourselves of this great natural strength Yet millions of American women are medicating away their emotions because our culture says that moodiness is a problem to be fixed Over prescribed medications can have devastating consequences for women in many areas of our lives and even if we don t pop a pill women everywhere are numbing their emotions with food alcohol and a host of addictive behaviors that deny the wisdom of our bodies and keep us from addressing the real issues that we face Here Dr Julie Holland shares a better way From publisher description
