Diver Training Manual continues to fill the gap between learning through field experience and learning through entry level
commercial diver training Our commercial diving students and graduates have been well served since 2016 by the author s
meticulous and thorough approach to making vast field experiences and safety come alive in the 6 th Edition and once again
in this revised 7th edition It continues to be a leading textbook in our training due to its technical accuracy current content
photos and illustrations Safety and efficiency are pinnacle traits that any successful working diver must learn in their training
and constantly apply in the field Safety is not a simply a rule book it is a state of mind Hal Lomax s approach to this and
sharing his knowledge with all levels of divers has made our industry safer and advanced it entirely At the very core of
commercial diver training are two essential objectives Going up and down in the water column safely and performing useful
and effective work underwater This textbook continues to provide both objectives into a current and well written resource for
the entire industry It remains a must for anyone s library involved in commercial diving Don Barthelmess Professor Emeritus
