were full blown round their golden hearts There was a gentle breeze and a swish and stir and hum rose and fell above the head of Edward Pierson coming back from his lonely ramble over Tintern Abbey American Primary Teacher ,1910

Thurston,2022-01-07 2022 Catholic Media Association second place award in mysticism From its origins in the fourth and fifth centuries first in monastic circles and then in wider Christian communities the story of Mary of Egypt was wildly popular From early Christianity through the medieval periods from Egypt to Scandinavia verse lives in Greek Latin and vernacular languages portray her as the model of repentance Continuously venerated in the liturgy and icons of the Orthodox Churches she is now seldom known in the West This modern verse life and the accompanying essay reintroduces St Mary's extraordinary life its theological and spiritual implications and its remarkable depiction of gender complementarity *Mobile Saints* Kate M. Craig,2021-04-22 *Mobile Saints* examines the central medieval ca 950-1150 CE practice of removing saints' relics from rural monasteries in order to take them on out and back journeys particularly within northern France and the Low Countries Though the permanent displacements of relics translations have long been understood as politically and culturally significant activities these temporary circulations have received relatively little attention Yet the act of taking a medieval relic from its home even for a short time had the power to transform the object the people it encountered and the landscape it traveled through Using hagiographical and liturgical texts this study reveals both the opportunities and tensions associated with these movements circulating relics extended the power of the saint into the wider world but could also provoke public displays of competition mockery and resistance By contextualizing these effects within the discourses and practices that surrounded traveling relics *Mobile Saints* emphasizes the complexities of the central medieval cult of relics and its participants while speaking to broader questions about the role of movement in negotiating the relationships between sacred objects space and people *Sailing directions (enroute) for the Caribbean Sea* United States.
