All's Fair Marc Orfanos, 2009-04 Nick Zellis was in dire need of a respite He was psychologically spent emotionally burnt and just not real happy What better place to escape to he thought than the sleepy island nation of Azul He had spent an enjoyable summer on that small island as a graduate student years before Little did he know that things had changed and that his anticipated restful holiday would be anything but

Imperial Blues Fiona I. B. Ngô, 2014-02-21 In this pathbreaking study Fiona I B Ng examines how geographies of U S empire were perceived and enacted during the 1920s and 1930s Focusing on New York during the height of the Harlem Renaissance Ng traces the city's multiple circuits of jazz music and culture In considering this cosmopolitan milieu where immigrants from the Philippines Cuba Puerto Rico Mexico Japan and China crossed paths with blacks and white slummers in dancehalls and speakeasies she investigates imperialism's profound impact on racial gendered and sexual formations As nightclubs overflowed with the sights and sounds of distant continents tropical islands and exotic bodies tropes of empire provided both artistic possibilities and policing rationales These renderings naturalized empire and justified expansion while establishing transnational modes of social control within and outside the imperial city Ultimately Ng argues that domestic structures of race and sex during the 1920s and 1930s cannot be understood apart from the imperial ambitions of the United States

Gothic and Gender Donna Heiland, 2008-04-15 Gothic novels tell terrifying stories of patriarchal societies that thrive on the oppression or even outright sacrifice of women and others Donna Heiland's *Gothic and Gender* offers a historically informed theoretical introduction to key gothic narratives from a feminist perspective The book concentrates primarily on fiction from the 1760s through the 1840s exploring the work of Horace Walpole Clara Reeve Sophia Lee Matthew Lewis Charlotte Dacre Charles Maturin Ann Radcliffe William Godwin Mary Wollstonecraft Mary Shelley John Polidori James Malcolm Rymer Emily Bront Charlotte Bront Charlotte Smith and Charles Brockden Brown The final chapter looks at contemporary fiction and its relation to the gothic including an exploration of Margaret Atwood's *The Blind Assassin* and Ann Marie MacDonald's *Fall on Your Knees* A Coda provides an overview of scholarship on the gothic showing how gothic gradually became a major focus for literary critics and paying particular attention to the feminist reinvigoration of gothic studies that began in the 1970s and continues today Taken as a whole the book offers a stimulating survey of the representation of gender in the gothic suitable for both students and readers of gothic literature

Shakespeare's Individualism Peter Holbrook, 2010-01-21 Providing a provocative and original perspective on Shakespeare Peter Holbrook argues that Shakespeare is an author friendly to such essentially modern and unruly notions as individuality freedom self realization and authenticity These expressive values vivify Shakespeare's own writing they also form a continuous and a central part of the Shakespearean tradition Engaging with the theme of the individual will in specific plays and poems and examining a range of libertarian minded scholarly and literary responses to Shakespeare over time Shakespeare's

Individualism advances the proposition that one of the key reasons for reading Shakespeare today is his commitment to individual liberty even as we recognize that freedom is not just an indispensable ideal but also potentially a dangerous one. Engagingly written and jargon free this book demonstrates that Shakespeare has important things to say about fundamental issues of human existence. *Marlowe's Counterfeit Profession* Patrick Gerard Cheney, Edwin Erle Sparks Professor of English and Comparative Literature Patrick Cheney, Patrick Cheney, 1997-01-01 Marlowe was the first writer to translate the Amores and thus the first to make the Ovidian cursus literally his own.

KulturConfusão - On German-Brazilian Interculturalities Anke Finger, Gabi Kathöfer, Christopher Larkosh, 2015-07-31 The analyses of German and Brazilian cultures found in this book offer a much needed rethinking of the intercultural paradigm for the humanities and literary and cultural studies. This collection examines cultural interactions between Germany and Brazil from the Early Modern period to the present day especially how authors, artists and other intellectuals address the development of society, intervene in the construction and transformation of cultural identities and observe the introduction of differing cultural elements in and beyond the limits of the nation. The contributors represent various academic disciplines including German Studies, Lusophone Brazilian Studies, Cultural Studies, Linguistics, Art History and the social sciences. Their essays cover a wide range of works and media and the issues they address are relevant not only for each of the scholarly disciplines involved but also in discussions of current cultural practices in connection to all forms of media. The collection thus serves as a model for further intercultural research since it calls into question the very terms through which we understand the relationships between cultures as well as their products, practices and perspectives.
