

The Foundation places you on the leading edge for Scouting impact and program innovation through the *Growing Future Leaders* campaign. During the campaign, you can give to or through the Foundation and designate your gift to the specific area of Scouting you love.

Donor Advised Funds are one of the fastest-growing types of personal and family philanthropy. You make gifts now, but can decide later which charities (Scouting and non-Scouting) will benefit. These funds are highly efficient alternatives to family foundations.

Endowments and Donor-Directed Funds establish resources for a specific council, project, or facility. Endowments are usually more permanent. Donor-directed funds tend to be short-term and flexible. Both types may expend income and principal as you wish.

Scholarships and Camperships provide need-based and merit-based support to help cover the costs of camping, jamborees, high-adventure experiences, and the spiraling costs of higher education. These gifts fuel some of the greatest incentives for youth and their families to join and remain involved in Scouting.

Douglas E. Schoen

Firstfoundation Annual Report 2015:

Putin's Master Plan Douglas E. Schoen, 2016-09-27 Vladimir Putin has a master plan to destroy Europe divide NATO reclaim Russian influence in the world and most of all to marginalize the United States and the West in order to achieve regional hegemony and global power Putin s unified strategy and vision for Europe has not been thoroughly discussed or articulated in any meaningful way until now Putin s Master Plan is the first comprehensive attempt to systematically explain Putin s global strategy which could inevitably and inexorably lead to the breakup of the NATO alliance and potentially to war with the West Currently the West has no strategy no plan and no tactics to confront Putin s master plan other than imposing limited economic sanctions which have done little to deter Putin s aggression and may well have encouraged and facilitated it The viewpoint taken here is not just alarmism but an accurate and for the first time clear and sober portrayal of a frightening situation that more and more serious observers of European and Russian politics are openly recognizing and acknowledging Putin s Master Plan makes the case that it is essential to wake up to Putin s strategy to destroy Europe divide NATO and build a new empire in the former Soviet Union Russia has demonstrated an extraordinary level of aggression most boldly in its outright invasions of Georgia and Ukraine American weakness and a divided Europe have left Russia s terrified neighbors without an alternative to Russian domination and even once stalwart American allies such as the Republic of Georgia are on the brink of becoming part of Putin s new empire in Europe Putin has made it clear that he sees NATO expansion as a fundamental threat to Russian nationhood and he is systematically challenging the NATO Alliance as well as the United States So far he is winning

Report to Congress of the U.S.-China Economic and Security Review Commission U.S.-China Economic and Security Review Commission,2016

Time to Think Hannah Barnes,2024-07-02 SHORTLISTED FOR THE BAILLIE GIFFORD PRIZE FOR NON FICTION SHORTLISTED FOR THE ORWELL PRIZE FOR POLITICAL WRITING This is what journalism is for Observer Time to Think goes behind the headlines to reveal the truth about the collapse of the world s largest gender service for children Are we hurting children That s the core question at the heart of Time to Think which exposes the truth about the rise and fall of the United Kingdom s flagship gender identity clinic for children Answering in the affirmative it exposes how ideology triumphed over evidence within this part of the healthcare system In the process child safeguarding was overlooked and pediatric patients were medically harmed As investigative journalist Hannah Barnes reveals the Tavistock s Gender Identity Development Service GIDS was set up initially to provide talking therapies to young people who were questioning their gender identity But in a little over a decade it referred around two thousand children some as young as nine years old for medication to block their puberty In the same period with ever greater numbers of children in need of treatment the profile of the patients changed from largely pre pubescent boys to mostly adolescent girls who were often contending with

other medical and psychological difficulties GIDS was shut down by English health authorities in March 2024 and new services will not be able to prescribe these profound medical interventions Yet GIDS s approach to treating children with gender identity distress was in fact more cautious than that observed in other countries including notably in the United States This urgent scrupulous and dramatic book explains how GIDS was the site of a serious medical scandal As this scandal continues to unfold and even accelerate within other institutions and across countries it is a gripping parable and disturbing cautionary tale for our times

The Making of Twenty-First-Century Richmond Thad Williamson, Julian M. Hayter, Amy L. Howard, 2024-12-03 Richmond Virginia took center stage globally in the summer of 2020 as an epicenter of antiracist protests in the wake of the police murder of George Floyd In a period of just a few weeks overwhelming public support grew for removing Richmond s Confederate monuments Activists then transformed the remaining statue of Robert E Lee into a shrine to African American resolve to the Black Lives Matter movement and to Black victims of police brutality Coming to terms with Richmond s tortured racial history however is much more difficult than toppling symbols of white supremacy This book explores these dynamics via a multidisciplinary framework of historical research public policy analysis and political analysis showing the inner dynamics of politics and governance in Richmond The authors reveal why change and progress has often been so difficult to achieve and why that matters with a focus on three fundamental policy areas education economic development and housing The result is a comprehensive assessment of urban governance in a major southern city in the early twenty first century as well as an accounting of the policy and human consequences of both its limited successes and its recurring failures
