Ghostly Liaison English Edition:

Adolf Hitler's Ghost Elizabeth Maria Schmid, M.D., 2021-03-17 Adolf Hitler's Ghost By Elizabeth Maria Schmid M D Elizabeth was born on August 31 1936 in Vienna Austria to a non Jewish family She describes how she as a young child experienced the War even though her family was not Jewish Yet the spirit of the dictatorship of Adolf Hitler pervaded every aspect of every German and Austrian person day and night Everybody had to be afraid of their neighbors and careful about every word they spoke and life was changed profoundly not only during the war itself but for many years after the war The author compares her frightening war experience and frugal almost impoverished post war life with one year in the USA which she experienced as an exchange student to America seven years after the end of the war She describes life in the USA with the eyes and the mind of somebody who may just have arrived from another planet Because of her international experience in the USA and having made friends with young people from all over the world and feeling comfortable with Jewish Arabic Iranian and all nationalities later in Medical School she was seriously harassed by a xenophobic and Holocaust denying society She is convinced that a genocidal dictatorship like that of Adolf Hitler and other monstrous Heads of State influence a society not just during their lifetime but for several generations afterwards She is also trying to say in this book that the average German and Austrian though not sent into gas chambers still suffered profoundly and many people ended up with permanent lifelong stress disorders

The Ghost Mountain Boys James Campbell, 2008-09-30 A harrowing portrait of a largely forgotten campaign that pushed one battalion to the limits of human suffering Despite their lack of jungle training the 32nd Division's Ghost Mountain Boys were assigned the most grueling mission of the entire Pacific campaign in World War II to march over the 10 000 foot Owen Stanley Mountains to protect the right flank of the Australian army during the battle for New Guinea Reminiscent of the classics like Band of Brothers and The Things They Carried The Ghost Mountain Boys is part war diary part extreme adventure tale and through letters journals and interviews part biography of a group of men who fought to survive in an environment every bit as fierce as the enemy they faced Theirs is one of the great untold stories of the war Superb Chicago Sun Times Campbell started out with history but in the end he has written a tale of survival and courage of near mythic proportions America in WWII magazine In this

compelling and sprightly written account Campbell shines a long overdue light on the equally deserving heroes of the Red Arrow Division Military com

The Ghost of Totalitarianism Martín Grassi ,2024-09-13 Martin Grassi deconstructs the totalitarian paradigm underlying Western political and theological discourses by a critical examination of the concept of spirit pneuma This notion plays a paramount role in such Western discourses as biology cosmology politics and theology for it is the principle that turns a plurality of elements into a systematic unity Christian political theology finds in the Holy Spirit the principle of efficacy of God s economy of redemption which has been ultimately defined as the realization of the Kingdom of God as a perfect and unified political system under the One Ruler Only through a deconstruction of this semantic performance of the Spirit are we to look for an alternative understanding of God and a Trinitarian dynamics that could stress singularity and relationality without reducing community to a merely organic totality
