Broken Glass Robert V. Hine, 2006-10-15 When Robert Hine's daughter Elene first showed signs of unhappiness as a little girl no one dreamed she would grow up to have a serious personality disorder As an early baby boomer Elene reached adolescence and young womanhood in the midst of the counterculture years Her father a respected professor of American history at the University of California shares the story of his family's struggle to keep Elene on track and functional to see her through her troubles with delusions medication and eventually to help her raise her own children Candid in its portrayal of the suffering Elene and her parents endured and the stumbling efforts of doctors and hospitals Hine's story is also generous and inspiring In spite of unimaginable difficulties Elene and her father preserved their relationship and survived My daughter has given me permission to go ahead with the effort but I know she would react quite differently to many of the events Where I felt sadness and dejection she very likely felt release and exultation Where I felt helplessness she very likely felt in happy control Where I saw confusion and delusion she may well have seen purpose and steadiness This is not the story she would tell It is solely mine solely the viewpoint of one man solely a father's feelings about his daughter from Robert Hine's Preface to Broken Glass
