Assessing Culturally Informed Parenting in Social Work Davis Kiima, 2021-03-07 This book explores how social workers incorporate issues of culture when evaluating the parenting competence of Black Asian and Minority Ethnic BAME parents and highlights the gap in how social workers assess safe parenting in BAME families Drawing on a study that combined a phenomenological research philosophy with frame analysis the book explores how culturally informed parenting is construed by social workers and BAME parents It argues that effective assessment of the parenting competence of BAME parents is predicated on understanding how culture frames perspectives of what constitutes competent parenting Throughout the eight chapters the book moves the debate within the literature away from the universality of parenting concepts to a focus on a deeper understanding of culture It highlights the influence that culture has on the way that BAME parents socialise their children as well as how parents and social workers conceptualise safe parenting The result is useful insights into the cultural context of parenting The book will be of interest to all scholars and students of social work childhood studies sociology and social policy as well as social work professionals more broadly

The Routledge International Handbook of Young Children's Rights Jane Murray, Beth Blue Swadener, Kylie

Smith,2019-10-28 Written to commemorate 30 years since the United Nations Convention on the Rights of the Child UNCRC The Routledge International Handbook of Young Children s Rights reflects upon the status of children aged 0 8 years around the world whether they are respected or neglected and how we may move forward With contributions from international experts and emerging authorities on children s rights Murray Blue Swadener and Smith have produced this highly significant textbook on young children s rights globally Containing sections on policy along with rights to protection provision and participation for young children this book combines discussions of children s rights and early childhood development and investigates the crucial yet frequently overlooked link between the two The authors examine how policy practice and research could be utilised to address the barriers to universal respect for children to create a safer and more enriching world for them to live and flourish in The Routledge International Handbook of Young Children s Rights is an essential resource for students and academics in early childhood education social work and paediatrics as well as for researchers policymakers leaders and practitioners involved in the provision of children s services and paediatric healthcare and international organisations with an interest in or ability to influence national or global policies on children s rights *Mayes' Midwifery E-Book* Sue Macdonald,2011-04-05 Mayes Midwifery an established key textbook for students and qualified midwives contains essential knowledge for professional practice For this 14th edition each section and chapter has been fully updated and enhanced by leading authors to ensure the text complies with contemporary practice and current guidelines Added benefits are the availability of a variety of additional online resources for each chapter including case studies video and website links and a bank of multiple choice questions to test knowledge With a strong emphasis on normal birth the book covers the spectrum of midwifery related topics applied to practice providing a foundation of knowledge and encouraging independent thought through the use of reflective exercises in each chapter and online The book provides midwives with material that meets individual ways of learning and supports current modes of midwifery education Mayes Midwifery is the text for initial preparation and for ongoing midwifery practice New chapters on essential contemporary issues Vulnerable women Perspectives on the future of midwifery in a global context Evidence based information to guide best practice Learning outcomes and Key Points in all chapters Reflective activities Now with an integrated website offering additional resources and material including Multiple choice questions for self testing Case studies Reflective activities to consolidate your professional development Useful additional reading resources and weblinks Expanded topics Downloadable materials including illustrations *Social Work with Children and Families* Steve Rogowski,2016-04-20 Professional social work has changed considerably over the last forty years coinciding with the demise of the social democratic consensus of the post war years and the emergence and now domination of neoliberalism Rather than the state through the government of the day ensuring citizens basic needs were met via the welfare state the belief in free market economics entails people having to be self reliant and self responsible This has involved social work with children and families moving from a helping and

supportive role to one that is more authoritarian this often involving telling parents to change their behaviour and lifestyle or face the consequences This book outlines the development of social work with children and families over the period in question drawing on the author's unique practice experience and his extensive writings It charts the highs and lows of social work the latter including the dominance of managerialism which emphasises speedy completion of bureaucracy so as to ration resources and assess manage risk Despite this the argument is for a critical practice which addresses service users immediate needs while simultaneously aiming towards a more socially just and equal society This book is essential reading for everyone interested in social work including academics students practitioners and managers both in the UK and overseas Social care and allied professionals more generally will also find it insightful as will academics students and educators of social policy and related disciplines

Deciding Children's Futures Joyce Scaife, 2024-07-19 The second edition of *Deciding Children's Futures* addresses the thorny task of assessing parents and children who belong to struggling families where there are issues of neglect or significant harm and when separating parents are contesting arrangements for the care of their children in the family court This practitioner's guide discusses how to create relationships and pose questions that breach natural parental defences to understand their histories anxieties and needs Drawing on practice knowledge theory and research findings it integrates the accounts of parents and children with safeguarding imperatives and government guidance to enable informed decisions that positively impact children's futures Chapters address issues such as drug and alcohol misuse mental health difficulties and learning disabilities Fabricated or Induced Illness FII abuse and alienation of children and encourage readers to consider the impact of their own values histories and beliefs on the assessment process This edition is completely updated to reflect all the factors that have impacted assessments for the family court including updates to case law and procedure rules devolution of governments and updates to DSM and ICD diagnostic categories Providing a comprehensive understanding of assessment for the family court this user friendly volume will be of great interest to expert witnesses social workers mental health professionals solicitors and anyone working in the family court system

Practices in Children's Nursing E-Book Ethel Trigg, Toby Mohammed, Louise Ford, Hermione Montgomery, Vicky Vidler, 2010-06-17 The skills required by children's nurses are many and varied and are undertaken in a variety of settings Sick children are cared for at home in children's units and hospitals and sometimes in adult wards In addition children with disabilities may need nursing care while at special schools or in residential settings This book provides a clinical manual of common practices Each practice is research based and presented in a common format which covers Objectives Rationale Factors to note Guidelines Positioning Equipment Method Special observations and possible complications References and further reading The guidelines have been written specifically for children's nursing by contributors from well known children's units They are not simply adaptations from adult practices and therefore recognise the unique differences between adult and children's nursing The introductory section covers common concepts and infection control There is also a chapter on complementary

therapies and an appendix on the use of play as a distraction All hospital and community nurses dealing with children whether at home in specialised units or in community settings will find the book of great practical help The common format of each practice makes the book easy to use and refer to in a clinical setting Each practice is based on the latest research to ensure it is evidence based and up to date Introductory chapters cover issues common to all practices to make the book easier to use The appendix on play reinforces its common usage as a distraction technique A chapter on complementary therapies explains these as they are becoming more widespread All practices have been reviewed by regional centres to avoid parochialism Content reorganised to reflect the Essential Skills Clusters from the NMC New chapter on communicating with children All chapters updated to reflect the current evidence base
