Good Books About Rome:

A Guide to Good Reading Robert Newton Linscott, 1912 **The Academy**, 1909 **A Postcolonial Reading of Mark's Story of Jesus** Simon Samuel, 2007-04-18 This unique contribution to Markan studies reads Mark's story of Jesus from a postcolonial perspective. It proposes that Mark need not necessarily be treated in an oversimplified polarity as an anti or pro colonial discourse. Instead, it may be treated as a postcolonial discourse, i.e. as a hybrid discourse that accommodates and disrupts both the native Jewish and the Roman colonial discourses of power. It shows that Mark accommodates itself into a strategic third space in between the variegated native Jewish and the Roman colonial discourses in order to enunciate its own voice. As an ambivalent and hybrid discourse, it mimics and mocks, accommodates and disrupts both the Jewish as well as the Roman colonial voices. The portrait of Jesus in Mark, which Samuel shows to be encoding also the portrait of a community, exhibits a colonial/postcolonial conundrum which can neither be damned as pro nor be praised as anti colonial in nature. Instead, the portrait of Jesus in Mark may be appreciated as a strategic essentialist and transcultural hybrid in which the claims of difference and the desire for transculturality are both contradictorily present and visible. In showing such a portrait and invoking a complex discursive strategy, Mark as the discourse of a subject community is not alone or unique in the Graeco-Roman world. A number of discourses, historical, creative, novelistic, and apocalyptic of the subject Greek and Jewish communities in the eastern Mediterranean under the imperium of Rome from the second century BCE to the end of the first century CE, exhibit very similar postcolonial traits which one may add to be not far from the postcolonial traits of a number of postcolonial creative writings and cultural discourses of the colonial subject and the dominated postcolonial communities of our time.

The Book-lover: A Guide to the Best Reading James Baldwin, 2020-01-09 In *The Book-lover: A Guide to the Best Reading*, James Baldwin offers an eloquent exploration of the transformative power of literature. Written with the unique flair of Baldwin's prose, this work serves not only as a personal manifesto but also as a literary guide that illuminates the importance of reading in the formation of identity and consciousness. Baldwin weaves personal anecdotes with critical reflections, delivering insights on texts that have shaped his understanding of race, culture, and humanity. The book creates a rich tapestry of literary analysis, urging readers to engage deeply with the works that resonate with their own experiences and challenges. James Baldwin, a luminary figure of the Civil Rights Movement, drew significant inspiration from his tumultuous upbringing and the societal injustices he witnessed. His experiences as a Black writer in America infused his literary endeavors with urgency and depth. Baldwin's keen perception of social dynamics and his fervent belief in literature as a means of understanding the self and society propelled him to craft this guide, imbuing it with both academic rigor and passionate conviction. I highly recommend *The Book-lover* to anyone seeking a deeper appreciation for literature and its role in shaping thought and identity. Baldwin's insights are invaluable, inviting readers to discover the profound connections between reading and the lived experience. This is a compelling read for enthusiasts, scholars, and casual readers alike.

Kwiyani, 2025-08-29 For the past 500 years the idea of the mission of God has been synonymous with that of the expansion of the Western civilisation and its influence in the world Christianity being the religious foundation of the Western civilisation as it stands today has both justified and been used as an instrument for the domination of the world by Western imperial forces Mission methods have developed that use western supremacy and militarism as a justifiable means to convert the world and make disciples for Christ In *Decolonizing Mission* Harvey Kwiyani traces the history of Christian mission alongside the history of empire showing the influence that one had on the other Imagining what mission without imperialism would look like Kwiyani sheds light on the connection between colonialism and mission and invites us to realign our missional methods with God's
