Marcella - Strength, Courage, Spirit Marcella Lansdowne,2011-08 Marcella sat on the edge of her bed and listened to the slow tap tap tap as she watched the blood from her nose and mouth mix with the tears and descend down her face She analyzed the colors as the marbling occurred before stretching down to the new linoleum floor She sat without emotion as if no longer able to feel pain Only her body would react to the blunt assault it had just received Then she said Oh God what am I suppose to do now But Marcella was determined that if she was going to die it would not be because she stayed with a crazy man it would be because she was trying to get out In Marcella Strength Courage Spirit you will journey with one woman as she experiences marital abuse and you will see how easy it is for those in abusive relationships to feel trapped as if there is no escape This author s story will walk you through a life full of challenges that will grip your stomach and increase your heart rate

A mother's legacy:three generations of life, love and loss by Ellen Huang,2019-01-01 In Asia most women who marry and start their own families tend to gradually detach from the families they grew up and only come back to them during special occasions During such occasions the married women bring their husbands and children to their childhood homes as guests This is a reality of life and it happens regardless of how close the women were to their family members prior to getting married The close family bond inevitably becomes a somewhat distant relationship especially when the parents pass away or when there is discord amongst the siblings Hence the saying When a father passes the road to go home is far when a mother passes the road to go home is severed Most children have very fond memories of visiting their maternal grandparents because they were always treated like special guests I personally did not have this kind of experience but I do not feel sad nor regretful since my grandmother my mother s mother lived with us at home when I was growing up I often wondered if my grandmother believed in the traditional and stereotypical Chinese concept of relying on sons and not on daughters which could have caused her to feel as if she was a burden to our family My grandmother was strongly against being called Wai Ma or Wai Po meaning grandmother on the mother s side The word wai means outside while the word Po carries a certain level of discrimination against women which explains why my grandmother never liked the term and why I have always referred to her as simply grandmother or A Ma with no distinction of father s or mother s side and is also how I will be referring to her in this book Throughout my life my grandmother was my biggest source of wisdom and enlightenment and my mother and I have always loved and supported each other Both of their lives have seamlessly interwoven with my life and destiny like the missing pieces that complete an unfinished puzzle Those who are traditional say that a woman s life starts with the happiness that comes with the birth of a child and as she buries the pain of childbirth her life has come full circle But in this book my grandmother my mother and I despite having lived in different times have maintained our shared bonds and sense of self forging our own paths and finding our own pieces of heaven in the puzzle of life Some people lose their mothers before they even get to know them while some people are sadly abandoned by their own mothers developing

deep emotional scars that greatly affect their character and personal development My grandmother lived for 80 years and my mother passed away at the age of 89 Being over 60 myself I am fortunate enough to have witnessed and experienced the bond between mothers and daughters across three generations However this does not mean that my life has been smooth sailing on calm waters Because of this I have decided to write this book so I can put pen to paper and record my memories while they are still in my mind and have not been blurred by time It is my hope that by writing down my memories I can cherish and connect them together like pearls in a necklace to keep them alive and hold them close to my heart This book is meant to honor remember and thank the two most important women in my life For my siblings and my own three children who have established their own families and careers this book can be a way for them to have a deeper understanding of the strong bond between mothers and their children and the familial bond that connects us all
