

End of School Letter to Students

I'm glad I was your teacher,
I've come to love you so.
I can't believe the end is here,
I hate to see you go.
Remember all the fun we had
in all the things we did.
But most of all, remember...
You're a VERY special kid!

Resources in Education, 1997 *International Understanding at School*, 1981 **Japanese Frames of Mind** Hidetada Shimizu, Robert A. Levine, 2001

Japanese Frames of Mind addresses two main questions in light of a collection of research conducted by both Japanese and American researchers at Harvard University: What challenge does Japanese psychology offer to Western psychology? Will the presumed universals of human nature discovered by Western psychology be reduced to a set of local psychology among many in a world of unpredicted variations? The chapters provide a wealth of new data and perspectives related to aspects of Japanese child development, moral reasoning, and narratives, schooling, and family socialization, and adolescent experiences. By placing the Japanese evidence within the context of Western psychological theory and research, the book calls for a systematic reexamination of Western psychology as one psychology among many other ethnopsychologies. Written in mostly non-technical language, this book will appeal to developmental and cultural psychologists, anthropologists, and those interested in psychological anthropology, educators, and anyone interested in Japanese and Asian studies.
