Quandaries of Belonging Michael Jackson,2020-12-15 Those who leave their homelands either under duress or by design will see them in a different light than those who have stayed put Michael Jackson argues that the perspective of the expatriate may be compared with what ethnographers call stranger value In moving between detachment and deep immersion this bifocal perspective implicates a bicultural one which is why Jackson has recourse to M ori traditional knowledge not in order to impose a Eurocentric interpretation on them but to show how cross cultural conversations and interactions can promote new forms of sociality and coexistence Bloomsbury South Peter Simpson,2016-07-18 Why was it then that out of the hundreds of towns and universities in the English speaking lands scattered over the seven seas only one should at that time act as a focus of creative literature of more than local significance that it should be in Christchurch New Zealand that a group of young writers had appeared who were eager to assimilate the pioneer developments in style and technique that were being made in England and America since the beginning of the century and to give their country a new conscience and spiritual perspective John Lehmann For two decades in Christchurch New Zealand a cast of extraordinary men and women remade the arts Various between 1933 and 1953 Christchurch was the home of Angus and Bensemann and McCahon Curnow and Glover and Baxter the Group the Caxton Press and the Little Theatre Landfall and Tomorrow Ngaio Marsh and Douglas Lilburn It was a city in which painters lived with writers writers promoted musicians in which the arts and artists from different forms were deeply intertwined And it was a city where artists developed a powerful synthesis of European modernist influences and an assertive New Zealand nationalism that gave mid century New Zealand cultural life its particular shape In this book Simpson tells the remarkable story of the rise and fall of this Bloomsbury South and the arts and artists that made it Simpson brings to life the individual talents and their passions but he also takes us inside the scenes

that they created together Bethell and her visiting coterie of younger poets Glover and Bensemann's exacting typography at the Caxton Press the yearly exhibitions and aesthetic clashes of the Group McCahon and Baxter's developing friendship the effects of Brasch's patronage Marsh's Shakespearian re-creations at the Little Theatre Simpson recreates a Christchurch we have lost where a group of artists collaborated to create a distinctively New Zealand art which spoke to the condition of their country as it emerged into the modern era

The Spirit of Colin McCahon Zoe Alderton, 2015-02-27 The Spirit of Colin McCahon provides a vivid historical contextualisation of New Zealand's premier modern artist clearly explaining his esoteric religious themes and symbols Via a framework of visual rhetoric this book explores the social factors that formed McCahon's religious and environmental beliefs and justifications as to why his audience often missed the intended point of spiritual his discourse or chose to ignore it The Spirit of Colin McCahon tracks the intricate process by which the artist's body of work turned from optimism to misery and explains the many communicative techniques he employed in order to arrest suspicion towards his Christian prophecy More broadly The Spirit of Colin McCahon outlines a model of analysis for the intersection of art and religion and the place of images as rhetorical devices within Antipodean culture The emerging field of religion and visual culture is important not only to students of New Zealand art history but also to a growing field of appreciation for the communicative power of images This book provides a helpful model for examining art and literature as social and religious tools and advances the importance of visual rhetoric within studies of art and social expression
