The Invention of Free Press Edoardo Tortarolo, 2016-03-09 Tracking the relationship between the theory of press control and the realities of practicing daily press censorship prior to publication this volume on the suppression of dissent in early modern Europe tackles a topic with many elusive and under researched characteristics Pre publication censorship was common in absolutist regimes in Catholic and Protestant countries alike but how effective it was in practice remains open to debate The Netherlands and England where critical content segued into outright lampoonery were unusual for hard wired press freedoms that arose respectively from a highly competitive publishing industry and highly decentralized political institutions These nations remained extraordinary exceptions to a rule that for example in France did not end until the revolution of 1789 Here the author's European perspective provides a survey of the varying censorship regulations in European nations as well as the shifting meanings of freedom of the press The analysis opens up fascinating insights afforded by careful reading of primary archival sources into the reactions of censors confronted with manuscripts by authors seeking

permission to publish Tortarolo sets the opinions on censorship of well known writers including Voltaire and Montesquieu alongside the commentary of anonymous censors allowing us to revisit some common views of eighteenth century history How far did these writers their reasoning stiffened by Enlightenment values promote dissident views of absolutist monarchies in Europe and what insights did governments gain from censors reports into the social tensions brewing under their rule These questions will excite dedicated researchers graduate students and discerning lay readers alike Freedom from Fear Alan S. Kahan,2023-08-22 A provocative new history of liberalism that also provides a road map for today s liberals Freedom from Fear offers a striking new account of the dominant political and social theory of our time liberalism In a pathbreaking reframing of the historical debate Alan Kahan charts the development of Western liberalism from the late eighteenth century to the present Examining key liberal thinkers and issues Kahan shows how liberalism is both a response to fear and a source of hope the search for a world in which no one need be afraid Freedom from Fear reveals how liberal arguments typically rely on three pillars freedom markets and morals But when liberals ignore one or more of these pillars their arguments generally fail to persuade Extending from Adam Smith and Montesquieu to today s battles between liberals and populists the book examines the twists and turns of the incomplete or unfinished liberal tradition while demonstrating its fundamental continuity It combines fresh accounts of familiar figures such as Tocqueville and Rawls with discussions of less famous but pivotal thinkers such as A V Dicey and Jane Addams and explores how liberals have dealt with crucial issues from debates over male and female suffrage to colonialism and liberal anti Catholicism By transforming our understanding of the history of liberal thought and practice Freedom from Fear provides a new picture of the political creed today the paths liberals need to follow the questions they need to answer and the dead ends they must avoid if they are to win

Enlightenment and the Gasping City Saskia Abrahms-Kavunenکو,2019-06-15 With air pollution now intimately affecting every resident of Ulaanbaatar the capital of Mongolia Saskia Abrahms Kavunenکو seeks to understand how as a physical constant throughout the winter months the murky and obscuring nature of air pollution has become an active part of Mongolian religious and ritual life Enlightenment and the Gasping City identifies air pollution as a boundary between the physical and the immaterial showing how air pollution impresses itself on the urban environment as stagnation and blur She explores how air pollution and related phenomena exist in dynamic tension with Buddhist ideas and practices concerning purification revitalisation and enlightenment By focusing on light its intersections and its oppositions she illuminates Buddhist practices and beliefs as they interact with the pressing urban issues of air pollution post socialist economic vacillations urban development nationalism and climate change The Citizenship Experiment René Koekkoek,2020-01-23 The Citizenship Experiment explores the fate of citizenship ideals in the Age of Revolutions While in the early 1790s citizenship ideals in the Atlantic world converged the twin shocks of the Haitian Revolution and the French Revolutionary Terror led the American French and Dutch publics to abandon the notion of a shared Atlantic revolutionary vision of

citizenship Instead they forged conceptions of citizenship that were limited to national contexts restricted categories of voters and advanced stages of civilization Weaving together the convergence and divergence of an Atlantic revolutionary discourse debates on citizenship and the intellectual repercussions of the Terror and the Haitian Revolution Koekkoek offers a fresh perspective on the revolutionary 1790s as a turning point in the history of citizenship

Living Faithfully in a Fragmented World Jonathan R Wilson, 2011-05-26 The first edition of *Living Faithfully in a Fragmented World* became one of the founding and guiding texts for new monastic communities In this revised edition Jonathan Wilson focuses more directly on lessons for these communities from Alasdair MacIntyre's *After Virtue* In the midst of the unsettling cultural shifts from modernity to postmodernity a new monastic movement is arising that strives to be a faithful witness to the gospel These new monastic communities seek to participate in Christ's life in the world and bear witness by learning to live intentionally as the church in Western culture This movement is about finding the church's center in Christ in the midst of a fragmented world overcoming the failure of the Enlightenment project and our complicity with it resisting the temptation to Nietzschean power and building communities of disciples This new edition is greatly enlarged from the original volume It includes responses to critics of the new monasticism such as D A Carson an entirely new chapter on the Nietzschean temptation an afterword on properly understanding the new monastic movement the dangers it faces and the work yet to be done as well as an appendix on the supposed post modern agenda of Jonathan Wilson and Brian McLaren For those striving to understand the path the church should take in this fragmented world this book is essential reading

Moses Mendelssohn's Living Script Elias Sacks, 2016-12-12 Moses Mendelssohn 1729-1786 is often described as the founder of modern Jewish thought and as a leading philosopher of the late Enlightenment One of Mendelssohn's main concerns was how to conceive of the relationship between Judaism philosophy and the civic life of a modern state Elias Sacks explores Mendelssohn's landmark account of Jewish practice Judaism's living script to use his famous phrase to present a broader reading of Mendelssohn's writings and extend inquiry into conversations about modernity and religion By studying Mendelssohn's thought in these dimensions Sacks suggests that he shows a deep concern with history Sacks affords a view of a foundational moment in Jewish modernity and forwards new ways of thinking about ritual practice the development of traditions and the role of religion in society

Utopia's Garden E. C. Spary, 2010-12-15 The royal Parisian botanical garden the Jardin du Roi was a jewel in the crown of the French Old Regime praised by both rulers and scientific practitioners Yet unlike many such institutions the Jardin not only survived the French Revolution but by 1800 had become the world's leading public establishment of natural history the Muséum d'Histoire Naturelle E C Spary traces the scientific administrative and political strategies that enabled the foundation of the Muséum arguing that agriculture and animal breeding rank alongside classification and collections in explaining why natural history was important for French rulers But the Muséum's success was

also a consequence of its employees Revolutionary rhetoric by displaying the natural order they suggested the institution could assist in fashioning a self educating self policing Republican people Natural history was presented as an indispensable source of national prosperity and individual virtue Spary s fascinating account opens a new chapter in the history of France science and the Enlightenment

Milestones in the History of Aphasia Juergen Tesak,Chris Code,2008-02-28 Milestones in the History of Aphasia surveys the history of aphasia from its earliest mentions in ancient times to the turn of the new millennium in 2000 The book takes a predominantly chronological approach starting with an examination of the earliest medical documents and medieval attempts to understand aphasia to the momentous events of the Nineteenth and Twentieth Centuries up to the development of modern cognitive neuroscience in recent years It traces the development of theory about and understanding of aphasia and the role of significant individuals in this history The result is a well illustrated introduction to the main events and personalities in the rich history of aphasia This accessible book provides a unique insight into the fascinating development of research in aphasia It will be of great interest to undergraduates and postgraduates researchers teachers and clinicians in psychology speech and language pathology and therapy neurology and linguistics

Republicanism in Russia Oleg Kharkhordin,2018-11-05 If Marxism was the apparent loser in the Cold War it cannot be said that liberalism was the winner at least not in Russia Oleg Kharkhordin is not surprised that institutions of liberal democracy failed to take root following the dissolution of the Soviet Union In Republicanism in Russia he suggests that Russians can find a path to freedom by looking instead to the classical tradition of republican self government and civic engagement already familiar from their history Republicanism has had a steadfast presence in Russia in spite of tsarist and communist hostility Originating in the ancient world especially with Cicero it continued by way of Machiavelli Montesquieu Tocqueville and more recently Arendt While it has not always been easy for Russians to read or write classical republican philosophy much less implement it republican ideas have long flowered in Russian literature and are part of a common understanding of freedom dignity and what constitutes a worthy life Contemporary Russian republicanism can be seen in movements defending architectural and cultural heritage municipal participatory budgeting experiments and shared governance in academic institutions Drawing on recent empirical research Kharkhordin elaborates a theory of res publica different from the communal life inherited from the communist period one that opens up the possibility for a genuine public life in Russia By embracing the indigenous Russian reception of the classical republican tradition Kharkhordin argues today s Russians can sever their country s dependence on the residual mechanisms of the communist past and realize a new vision for freedom

Teaching the Eighteenth Century Now Kate Parker,Miriam L. Wallace,2023-12-15 In this timely collection teacher scholars of the long eighteenth century a Eurocentric time frame from about 1680 to 1832 consider what teaching means in this historical moment one of attacks on education a global contagion and a reckoning with centuries of trauma experienced by Black Indigenous and immigrant peoples Taking up this challenge each essay highlights the

intellectual labor of the classroom linking textual and cultural materials that fascinate us as researchers with pedagogical approaches that engage contemporary students Some essays offer practical models for teaching through editing sensory experience dialogue or collaborative projects Others reframe familiar texts and topics through contemporary approaches such as the health humanities disability studies and decolonial teaching Throughout authors reflect on what it is that we do when we teach how our pedagogies can be more meaningful more impactful and more relevant Published by Bucknell University Press Distributed worldwide by Rutgers University Press **Charting the Past** Jeremy Black,2018-10-12

Eighteenth century England was a place of enlightenment and revolution new ideas abounded in science politics transportation commerce religion and the arts But even as England propelled itself into the future it was preoccupied with notions of its past Jeremy Black considers the interaction of history with knowledge and culture in eighteenth century England and shows how this engagement with the past influenced English historical writing The past was used as a tool to illustrate the contemporary religious social and political debates that shaped the revolutionary advances of the era Black reveals this present centered historical writing to be so valued and influential in the eighteenth century that its importance is greatly underappreciated in current considerations of the period In his customarily vivid and sweeping approach Black takes readers from print shop to church pew courtroom to painter s studio to show how historical writing influenced the era which in turn gave birth to the modern world **History of Modern Psychology** C. James Goodwin,2022-05-17

The enhanced 5th Edition of Goodwin s series A History of Modern Psychology explores the modern history of psychology including the fundamental bases of psychology and psychology s advancements in the 20th century Goodwin s 5th Edition focuses on the reduction of biographical information with an emphasis on more substantial information including ideas and concepts and on ideas research contributions **Romans: Three Exegetical Interpretations and the History of Reception** Daniel

Patte,2018-07-26 In the first of a three volume work Daniel Patte presents three very different critical exegeses of Romans 1 arguing that all are equally legitimate and hermeneutically plausible By expanding upon and respecting the exegeses of many erudite scholars of the last two centuries Patte concludes that three families of vastly different critical interpretations are fully justified traditional philological and epistolary studies rhetorical and sociocultural studies and figurative studies of the coherence of Paul s teaching Arising from a long standing interdisciplinary investigation of many receptions of Romans in light of recent diversification of exegetical methodologies Patte concludes that the interpretation of a scriptural text necessarily involves making a choice among equally legitimate and plausible alternatives and second that this choice is always contextual and ethical When these points are denied by failing to respect the interpretations of others and absolutizing one s interpretation instead of being a scriptural blessing Romans becomes a deadly weapon against others heretics Jews Shoah and many others The result is a threefold commentary of Romans 1 that is unique in its scope and thorough going exegesis **Irrationality** Justin Smith-Ruiu,2020-12-01 From sex and music to religion and politics a history

of irrationality and the ways in which it has always been with us and always will be In this sweeping account of irrationality from antiquity to the rise of Twitter mobs and the election of Donald Trump Justin Smith argues that irrationality makes up the greater part of human life and history Ranging across philosophy politics and current events he shows that throughout history every triumph of reason has been temporary and reversible and that rational schemes often result in their polar opposite Illuminating unreason at a moment when the world appears to have gone mad again Irrationality is timely provocative and fascinating
