masterpieces of Australian writing It is also one of the most passionately debated visions of Australian history in which the struggle to realise an Australian nation is played out on an epic scale *A History of Australia 1824 1888* takes the story of Australia through the momentous discovery of gold and the separation of Victoria from New South Wales to the centenary of the coming of European civilisation to Australia on 26 January 1888 The story is one of destruction as well as construction the destruction of the Aborigines and the construction of an essentially English bourgeois society and the taming of an alien and seemingly sterile land This is not a general Australian history it does not attempt to cover all aspects and it is not a definitive or quantitative analysis It is a work of art a living and breathing account of the remaking of a primitive continent history come alive Resources in Education ,1999-04 *The Publishers' Circular and Booksellers' Record* ,1914 **Hero of the Air** William Trimble,2013-07-10 In this biography William F Trimble examines the pioneering work of Glenn Curtiss and his role in the origins of aviation in the U S Navy in the years up to and through World War I A self taught mechanic and inventor Curtiss was a key figure in the development of the airplane during the early part of the century and his contributions to aviation are well known This book s careful examination of his partnership with the Navy breaks new ground in revealing significant new details of his contributions Curtiss s links to the Navy came as result of aviation advocates within the Navy chief among them Captain Washington I Chambers who recognized that the Navy had special requirements for airplanes and their operations and for aviators and their training Curtiss helped meet the special requirements of the service for aircraft particularly those with the potential for operating with naval vessels at sea or in conducting long distance flights over water He also was instrumental in training the first naval aviators Curtiss and the Navy continued their collaboration through World War I reaching a climax in 1919 with the first transatlantic flight of the famed Navy Curtiss NC flying boat This book addresses the broader implications of the Curtiss Navy collaboration in the context of the longstanding trend of government private cooperation in the introduction and development of new technologies It also explores the interactive dynamics of weapons procurement and technological change within a large and entrenched bureaucracy and helps lay to rest the persistent myth that the Navy resisted the introduction of aviation **The New York Times Index** ,1915 *Joint Documents of the State of Michigan for the Year ...* Michigan,1896 **The Athenaeum** ,1914 **Educational Record** ,1911 African Americans in the Furniture City Randal Maurice Jelks,2006 African Americans in the Furniture City is unique not only in terms of its subject but also for its framing of the African American struggle for survival civil rights and community inside a discussion of the larger white community Examining the African American community of Grand Rapids Michigan between 1850 and 1954 Randal Maurice Jelks uncovers the ways in which its members faced urbanization responded to structural racism developed in terms of occupations and shaped their communal identities Focusing on the intersection of African Americans nineteenth century cultural values and the changing social and political conditions in the first half of the twentieth century Jelks pays particularly close attention to the religious community s influence during their
