La Bible Immorale:

La Bible immorale Normand Rousseau, 2006 L'Eglise affirme que toute la Bible est la révélation de Dieu Si on trouve une seule phrase immorale la révélation divine n'existe donc pas car il est impossible que le vrai Dieu révèle la moindre notion immorale La Bible est même blasphématoire puisqu'elle nous révèle un dieu qui se conduit comme les dieux païens de l'Antiquité et parfois pire L'auteur fait la preuve que le Nouveau Testament est tout aussi immoral que l'Ancien en nous révélant l'esclavage la misogynie et l'intolérance religieuse Normand Rousseau est diplômé en Sciences bibliques en Lettres françaises et en linguistique Lors de ses voyages il a étudié les religions de l'Orient et de l'Occident ainsi que les religions autochtones Son intérêt constant pour le phénomène religieux lui a permis d'écrire ce livre sur l'immoralité de la Bible Il y a deux volets cette immoralité la doctrine et les actions meurtrières des personnages bibliques La loi de Moïse impose la peine de mort aux homosexuels aux adultes aux incestueux aux jeunes filles qui perdent leur virginité Pourtant le Decalogue est clair Tu ne tueras pas On pourrait toujours prétendre que la Bible n'est pas responsable de la conduite immorale de ses grands personnages mais il est difficile de justifier leurs crimes surtout qu'ils prétendent tous agir au nom de Yahvé leur dieu Il faut aujourd'hui cesser d'attribuer nos valeurs sur un livre immoral un livre qui justifie tous les fanatismes tous les crimes commis au nom de Dieu et de la religion

The Christian's Armoury William Robert Bradlaugh, 1900 **The Violence of Scripture** Eric A. Seibert, 2012 No one can read far in the Old Testament without encountering numerous acts of violence that are sanctioned in the text and attributed to both God and humans Over the years these texts have been used to justify all sorts of violence from colonizing people and justifying warfare to sanctioning

violence against women and children Eric Seibert confronts the problem of virtuous violence and urges people to engage in an ethically responsible reading of these troublesome texts He offers a variety of reading strategies designed to critique textually sanctioned violence while still finding ways to use even the most difficult texts constructively thus providing a desperately needed approach to the violence of Scripture that can help us live more peaceably in a world plagued by religious violence from publisher description **Le mythe vertueux et la littérature immorale** Vilfredo Pareto,1911

Rabbi Bonder turns a few conventional ideas on their heads as he identifies the forces at play in individual social and spiritual transformation Many people believe that obedience to the established moral order leads to the well being of society as well as the salvation of their souls On the contrary says Bonder the human spirit is nourished by the impulse to betray and transgress the ways of the past Even the Bible legitimizes our God given urge to disobey in order to evolve grow and transcend It is this immoral soul of ours that impels us to do battle with God and out of this clash Bonder predicts a new humanity will emerge In the course of discussion he examines a variety of intriguing issues touching on religion science and culture including the findings of evolutionary psychology the relation of body and soul infidelity in marriage the stereotype of Jew as traitor sacrifice and redemption in Judaism and Christianity and the Messiah as archetypal transgressor Plain Guide to Spiritualism Uriah Clark,1863 Plain Guide to Spiritualism. The Gay Marriage Generation Peter Hart-Brinson,2018-10-02 The generational and social thinking changes that caused an unprecedented shift toward support for gay marriage How did gay marriage something unimaginable two decades ago come to feel inevitable to even its staunchest opponents Drawing on over 95 interviews with two generations of Americans as well as historical analysis and public opinion data Peter Hart Brinson argues that a fundamental shift in our understanding of homosexuality sparked the generational change that fueled gay marriage s unprecedented rise Hart Brinson shows that the LGBTQ movement s evolution and tactical responses to oppression caused Americans to reimagine what it means to be gay and what gay marriage would mean to society at large While older generations grew up imagining gays and lesbians in terms

of their behavior younger generations came to understand them in terms of their identity Over time as the older generation and their ideas slowly passed away they were replaced by a new generational culture that brought gay marriage to all fifty states Through revealing interviews Hart Brinson explores how different age groups embrace resist and create society s changing ideas about gay marriage Religion race contact with gay people and the power of love are all topics that weave in and out of these fascinating accounts sometimes influencing opinions in surprising ways The book captures a wide range of voices from diverse social backgrounds at a critical moment in the culture wars right before the turn of the tide The story of gay marriage s rapid ascent offers profound insights about how the continuous remaking of the population through birth and death mixed with our personal biographical experiences of our shared history and culture produces a society that is continually in flux and constantly reinventing itself anew An intimate portrait of social change with national implications The Gay Marriage Generation is a significant contribution to our understanding of what causes generational change and how gay marriage became the reality in the United States **Profile of an Immoral Woman** Mike Mazzalongo,2017-05-22 Solomon sketches out the character of a woman who uses her sexual charm to seduce a foolish man Proverbs 7 The Christian Imagination Leland Ryken,2011-12-07 The Christian Imagination brings together in a single source the best that has been written about the relationship between literature and the Christian faith This anthology covers all of the major topics that fall within this subject and includes essays and excerpts from fifty authors including C S Lewis Flannery O Connor Dorothy Sayers and Frederick Buechner **Immoral legislation, four political essays, in doggerel, by the author of 'A treatise on the immortality of idolatry'**.
