*Direito, Democracia e Sustentabilidade :: Programa de Pós-Graduação Stricto Sensu em Direito da Faculdade Meridional: Anuário 2018* Horacio Wanderlei Rodrigues, José Renato Cella, Jaqueline Mielke da Silva, 2018-08-22 O presente Anuário agora na sua quinta edição apresenta as últimas reflexões dos Professores do Programa de Pós-Graduação Stricto Sensu em Direito da Faculdade Meridional IMED em relação a alguns temas que foram recentemente objeto de debate da Ciência Jurídica com o intuito de aprimorar as conclusões já conseguidas e a ambição de abrir novas perspectivas de estudo Uma obra coletiva que adota esse propósito num contexto em que o edifício conceitual clássico do Direito vacila precisa se comprometer em um esforço constante para a construção de um rigoroso método de pesquisa social não podendo renunciar procura de um embasamento multidisciplinar Perseguindo este objetivo os autores acompanharam os mais recentes desenvolvimentos da doutrina construção de projetos e grupos de pesquisa que contam com a participação de especialistas brasileiros e estrangeiros O leitor pode perceber essa amplitude de visão simplesmente

consultando a bibliografia no final de cada capítulo onde junto com as melhores contribuições da doutrina jurídica nacional encontra obras de diferentes ciências sociais bem como as dos parceiros do nosso PPGD e dos colegas estrangeiros. Sob uma diferente perspectiva a proposta do Anuário não deixa de continuar a tradicional abordagem crítica que sempre caracterizou o nosso PPGD. Se a Ciência Jurídica descobre progressivamente os limites do seu sistema de conhecimento porque ele foi prevalentemente construído ao longo de um caminho solitário aliás auto referencial. De forma frequente nos debates doutrinários a necessidade de compreender o todo foi sacrificada em nome do interesse de cultivar uma parte a qual legitimidade e atuais formas de vida social. Nesta perspectiva o significado do desafio aceito pela presente obra duplo: superar as atuais barreiras do estudo do direito não apenas um exercício técnico ao contrário um raciocínio que assume uma natureza prática e emancipadora. Por último consideramos oportuna uma dedicatória para os nossos alunos e para aqueles que estão entrando agora no mundo do Direito para ajudar a construí-lo. A esperança é que este livro os acompanhe em seus estudos lembrando-lhes que a pesquisa científica requer um esforço constante de trabalho e dedicação mas acima de tudo a coragem de testar constantemente os seus conhecimentos.
