Documents Diplomatiques Français France. Commission de publication des documents diplomatiques français, 2009 La proposition d'aide à l'Europe formulée par le général Marshall le 5 juin continue d'occuper au cours du second semestre de 1947 le devant de la scène Il est tout de suite évident que l'on se dirige vers la coupure du continent en deux Mais une fois le principe de l'aide Marshall admis de nombreux problèmes se posent La question allemande est galemment liée au plan Marshall la France doit-elle accepter ou pas de fusionner sa zone avec les deux autres zones occidentales Il devient rapidement évident pour la plupart des responsables qu'il n'y a pas d'autre solution réaliste même si on se garde bien de le proclamer Le choix occidental de la France est désormais clair L'un des apports majeurs de ce volume est de montrer que le rapprochement franco-britannique manifesté par le traité de Dunkerque n'a pas tant qu'un feu de paille mais a lancé une réelle phase de coopération Les affaires du monde arabo-musulman préoccupent toujours davantage Paris Mais bien entendu c'est la question de la Palestine qui domine La formule du partage suscite Paris de sérieux doutes même si certains estiment qu'il s'agit de la moins mauvaise solution mais finalement la France décide de se rallier la majorité lors du vote à l'ONU du 28 novembre Mais une grande affaire reste l'Asie En Indochine on conclut avec Bao Dai la déclaration de la Baie d'Along le 6 décembre Cette déclaration est ambiguë Paris les réactions sont diverses Les services du Quai paraissent penser la différence du gouvernement que cette déclaration est si favorable à la France qu'elle n'a aucune chance d'amener les partisans de Ho Chi Minh à se parer de lui et rallier Bao Dai Le décor de la guerre d'Indochine était désormais définitivement en place

Legacies of Enslavement in the French Republic Nicola Frith, 2025-05-06 Legacies of Enslavement in the French Republic explores the complex dynamics between social movements invested in remembering and addressing the legacies of African enslavement and the French State Exploring 25 years of activism from the build up to the 150th anniversary of the Abolition Act 1998 through to the present day the book Investigates strategies used by the French State to delink the recognition of France's enslaving past from contemporary issues with anti-Black racism and reparation Asks why in the wake of the first Taubira law that recognized slavery as a crime against humanity 2001 the state has legitimized the work of certain activist groups while delegitimizing others Uses critical race theory and decolonial theory to examine the extent to which the State's approach to recognizing its past is structured by a colonial matrix of power Highlights and contests political and media misconceptions about reparations by showcasing the work of grassroots activists operating in France the Caribbean and the Indian Ocean In doing so Legacies of Enslavement showcases some of the key shifts that have taken place in the recent history of activist work operating in parallel with the successive metamorphoses of the French state as it responds to social and political pressure to recognize and repair the nation's enslaving past and its racial legacies today

Nik Marcel, LEARN FRENCH NEWS Vol 2 English French THIS EDITION The dual language text has been arranged into sentences and shorter paragraphs for quick and easy cross referencing The source text is the French language edition of Voice of America VOA The French text has been translated into English for this dual language project The reader can choose between four formats Section 1 English to French Section 2 French to English Section 3 English Section 4 French A methodology for getting the most out of this bilingual format is explained in the book's Foreword The primary purpose of this text is to equip a foreign language learner with the ability to start reading news in the particular foreign language to be able to read only in the foreign language and extract enough understanding to continue the language learning process fruitfully this way A reader might like to go back to reading dual language news for reinforcement and further development returning to foreign language only news with a deeper understanding By going back to the same old news you are going over words word patterns and passages with which you already have a certain familiarity The process of reinforcement learning or retaining of what is new and exposure to what is unfamiliar is much easier this way even though the news may seem a little dated The aim of informing the reader about actual news is secondary especially given that the content will become less current and less relevant over time If you are having trouble with the level of difficulty in the text a suggested path for learning languages is as follows Familiarise yourself with a basic language instruction book or re-read the one you have Once a student has studied the basics a suitable book about basic grammar can be helpful The suggestion is that any grammar book be studied more with the intent of recognition and understanding rather than memorising and obsessive rote learning Go through as much of the grammar book you feel you can digest maybe even the whole book skipping over what is not easily understood After this read through a portion of text in a book called French Sentences by 2LanguageBooks looking for examples of what you have picked up or gleaned in your hopefully not so arduous study of grammar Even repeatedly seeing a word that you remember seeing listed as a subject pronoun or a third person plural verb of some sort is a great help Then depending on your inclination return to the grammar book or your basic French book or move on to lengthier bilingual text

like in 2Language Books texts containing news or stories for example or find some suitable French text a simple novel a French news website etc Grammar books will likely have some verb charts However there are currently good on line resources that go further dictionaries with a verb conjugation search option Many basic language books offer some form of audio support Internet services primarily news based radio stations offer podcasts Audio from television is an additional resource and can be formatted for use on various digital platforms However if audio is an important component of your interest in languages electronic devices that support quality text to speech TTS will likely be appealing With a library card TTS technology in a device that supports the relevant content and the above mentioned resources an entire language learning system is available for not much more than a cup of coffee There is no substantial financial outlay to get you started Furthermore there are no additional ongoing fees and updates and there are no expiry dates on premium content and resources A Dual Language Book Project 2Language Books **Les études de la Documentation française** ,2009

largissement de l'Europe relations franco allemandes rapprochement franco soviétique La série de documents la plus intéressante de ce volume concerne la négociation la suite du retrait français de l'organisation militaire intégrée au sujet de la coopération entre les forces de l'Otan et l'armée française La longueur des pourparlers entre le général Ailleret et le général Lemnitzer témoigne de l'état de la discussion et le caractère minime politique du texte Une nouvelle preuve va secouer le March commun en raison de la demande d'adhésion du Royaume Uni du Danemark de l'Irlande et de la Norvège car les responsables français ne cachent pas leurs réserves Mais les relations franco allemandes ont pris un cours nouveau et ont retrouvé leur cordialité avec l'arrivée au pouvoir en RFA de Kurt Georg Kiesinger et de Willy Brandt Le rapprochement franco soviétique semble s'accroître au premier semestre 1967 Le conflit israélo arabe constitue en effet pour la France et l'Union soviétique une occasion de resserrer leurs liens Malgré les appels du général de Gaulle ne pas faire la guerre les hostilités sont déclenchées le 5 juin par Israël dès lors le cessez le feu et le retour au statu quo sont les objectifs de la diplomatie française qui a pour instruction de s'opposer tout ce qui pourrait ressembler à une concertation des seules puissances occidentales On note une convergence des intérêts de la France et de l'Union soviétique sur le Proche Orient où Paris se départissant de sa politique pro israélienne des années 1950 adopte une attitude favorable aux pays arabes alors que les États Unis prennent parti pour Israël

Le jour où la France a fait faillite Philippe Riès, Philippe Jaffré, 2006-10-11 Imaginez la même scène Shanghai comme au supermarché Evry il n'y a plus d'argent disponible au distributeur pour les Français qui cherchent à en tirer Mais ce n'est pas une simple erreur technique la France est en faillite Science fiction imaginée par deux auteurs pessimistes et ultra libéraux Non la simple déduction partir de la réalité actuelle analysée par le banquier Michel Pélureau dans un rapport publié en 2005 et vite oubliée de ce qui peut advenir des finances de notre pays dans le futur proche si proche En 2012 Nicolas Sarkozy est président de la République Laurence Parisot premier ministre Valérie Pécresse directrice du Trésor et notre dette publique a atteint des sommets tels que le seul paiement des intérêts de la dette exigerait la moitié des recettes de l'État L'agence de notation Standard Poors décide de dégrader la dette de la France au niveau des junk bonds autrement dit des obligations pourries Nous ne sommes plus solvables À partir de ce scénario catastrophe mené en temps réel de juillet août 2012 sur fond de crise gouvernementale Philippe Jaffré qui connaît mieux que personne les coulisses du Trésor ou de la banque et Philippe Riès expert en affaires européennes mènent une intrigue rocambolesque mais oh là là tout apparaît plausible Notre avenir
