**The Mind's Eye** Jeffrey F. Hamburger, Anne-Marie Bouché, 2006 *The Mind's Eye* focuses on the relationships among art theology exegesis and literature issues long central to the study of medieval art yet ripe for reconsideration Essays by leading scholars from many fields examine the illustration of theological commentaries the use of images to expound or disseminate doctrine the role of images within theological discourse the development of doctrine in response to images and the place of vision and the visual in theological thought At issue are the ways in which theologians responded to the images that we call art and in which images entered into dialogue with theological discourse In what ways could medieval art be construed as argumentative in structure as well as in function Are any of the modes of representation in medieval art analogous to those found in texts In what ways did images function as vehicles not merely vessels of meaning and signification To what extent can exegesis and other genres of theological discourse shed light on the form as well as the content and function of medieval images These are only some of the challenging questions posed by this unprecedented and interdisciplinary collection which provides a historical framework within which to reconsider the relationship between seeing and thinking perception and the imagination in the Middle Ages

Her love affair with the Traveller as she calls him transformed her life and fueled an abiding fascination with Russia and Russian culture one that would lead her to dingy apartments reeking of cabbage soup and piroshki on the outskirts of Paris in the 1960s and to Siberia and beyond

**The Victorian Mind's Eye** Julia Thomas, 2025-01-12 The Victorian Mind's Eye Reading Literature in an Age of Illustration The Victorians lived in an age of illustration In a matter of decades words and images had become enmeshed and entangled printed alongside each other in a spectacular array of printed forms The exponential growth of illustration not only radically changed literature but also changed the way that literature was read This book offers a major conceptualisation of the difference that pictures made to the reading of words Analysing an extensive range of illustrated material and drawing on the accounts of Victorian readers reviewers authors artists and psychologists the book describes how the Victorians characterised the effects of illustration and how illustrations in turn elicited and anticipated responses from their readers What emerges from these sources is the notion of a distinct mode of reading that determined readers material and mental engagements with illustrated literature The presence of images on the page was said to impact on whether readers created images in their mind as they read Illustrations generated feelings of pleasure or displeasure they determined what was read first what was recalled and what was etched in the memory By peering into the recesses of the mind's eye this book identifies the cognitive mechanisms and cultural politics that were central to how the Victorians described their reading of illustrated literature It suggests the significance of these ideas of reading for understanding the place of illustration in Victorian culture and the relation between words pictures and historical values and meanings Illustration was fundamental to how the Victorians read and to how we read the Victorians

**The Illuminating Icon** Anthony Ugolnik, 1989 This is a print on demand book and is therefore non returnable In Christ there is no East or West claims a familiar hymn But the truth is that American Christians know little about Russian Orthodox Christians and harbor many misconceptions about them In this revealing book Anthony Ugolnik shows how the thousand year old Russian Orthodox tradition actively shapes the life of contemporary Russian Christians and he points out how Russian Orthodoxy can inform and enrich American Christianity Ugolnik speaks from a unique perspective of Russian descent he is an American Christian who has a strong and genuine personal bond with Russian Christians Ugolnik begins his discussion by exploring the alienation between Russians and Americans a cultural and religious alienation that is still very strong today despite changing rhetoric and glasnost Americans tend to picture Russian Christians as cowed and ragged masses on the contrary says Ugolnik they are a stalwart strong community American Christians also tend to be suspicious about the role of icons in Russian Orthodox worship But Ugolnik points out that icons are not idols rather they are religious objects that image forth the majesty of God This powerful sense of the holy that pervades Russian Orthodoxy could reinvigorate American Christianity Indeed the Russian Orthodox have much to offer American Christians

according to Ugolnik They place a much greater emphasis on community in their life and worship an emphasis that could help transform the individualistic faith of many American Christians Similarly the Orthodox emphasis on historical and spiritual continuity in contrast to the imagery of restoration and revival in Reformation Christianity could strengthen the worship and witness of American Christians And the Orthodox sense of the beautiful born of a complex aesthetics that undergirds Russian faith and culture could enrich the foundation as well as the expression of American Christianity In the end American and Russian Christians share the common dilemma of how to relate to the secular world around them and the Russian Orthodox emphasis on dialogue and engagement could vitalize the way American Christians live out their faith In this multifaceted book Ugolnik weaves personal experiences with richly developed explorations of Russian and American belief and incisive observations that draw on the literature philosophy theology and history of both cultures With both passion and compassion Ugolnik urges Russian and American Christians to look to the illuminating icon of our incarnate God for guidance Let that icon draw us deep into the mystery of a shared life in the Spirit
