Interpreting Censorship in Canada Allan C. Hutchinson,Klaus Petersen,1999-01-01 Socially organized activity cannot occur without censorship Going beyond ideological arguments this collections of essays explores the extent of censorship in Canada today the forms censorship takes and the interests it serves **The Bush Doctrine and Latin America** G.

Prevost,C. Campos,2007-02-05 This volume focuses on the contemporary political economic and security affairs of the Western Hemisphere Following a decade of focus on economic matters around the Free Trade Area of the Americas FTAA the authors argue that the Bush Doctrine formed in the wake of 9 11 has resulted in a renewed U S concentration on security matters **Go Down, Moses** Nancy Dew Taylor,1994 First published in 1994 Routledge is an imprint of Taylor Francis an

informa company **Decoding Spacetime** Eric Carlson,2010-11-08 This is a book about science religion and being yours and mine The study of being is called Ontology Our culture is dominated by a naturalist ontology The question is does ontology include a supernatural component Or is that idea a relic of our primeval past sort of like appendix and adenoids parts that can be excised from the body of our belief system The author argues for the primacy of the transcendent supernatural ontology by means of two books the book of nature and the book of transcendency the Bible each containing its own portion of the evidence Mr Carlson argues for the following The universe represents a small portion of Gods ontology a small reality devoted to redemption The signet of redemption is the number 7 its appearance within chronology is deliberate instructive and compelling The Creation Week account reflects a two fold metaphor 1 space time itself was created to support the redemptive act and 2 mankinds history will unfold in a series of seven ages later quantified as millennia The interval between Adam and Abraham literally filled one redemptive bi millennium but the catastrophic effects of 3 realities the Cainite civilization Noah and the break up of Pangaea contribute to the appearance of myth as viewed by the uniformitarian geologist for whom catastrophes appear invisible The 2nd bi millennium Abraham to Messiah was also fulfilled exactly in redemptive time The termination of our age is imminent and dependent upon the chronology of Israel mankinds chronograph A detailed chronology of the history of Israel is flavored with the redemptive signet especially 70 yrs or 70 heptads of yrs By decoding Israels history in redemptive time and employing the single concept of the favor of God the author derives a Biblical based proof that modern Israel is the same and identical state founded by Samuel in 1096 BC Three independent proofs of this foundational date are provided These proofs show that the Monarchy existed for exactly 511 yrs which period is exactly equal to 73 heptads Israel is an heptadic state The author concludes that the redemptive corollary to Israels ontology is also proven we have actually entered the end times and the events associated with the last days will soon unfold Because the reality of Israel is visible to all it is apparent that the redemptive offer made to mankind is also real and visible such as that appearing in John 3 16 John 6 40 and Romans 10 9 13 There is much to learn about our world Start now

Tomorrow may be too late *The In-between of Writing* Eleanor Honig Skoller,1993 Examines works by three very different writers to explore the relation of experience to literary experiment **BEFORE BIG BANG** Augustin Ostace,2017-05-16 Dedicated or Gewidmet to the Pre Universe itself Vor Universum just before the Big Bang gerade bevor der Urknall as the Greatest der Biggste mystery of all mysteries Of all the Greatest and the Smallest of all the Smallest within of the all Visible and of the all Invisible of all kind of Spatiality and of Temporality of all sort of Causality and of all forms of Matter and of possible Anti Matter both for human in detectable and non detectable ways of all forms of Energy perceivable and non perceivable for human of Gravitation and possible of Anti Gravitation and of Number Arithmos as perhaps the greatest truth of the whole Universe and of all Physical and Chemical events and processes and of Metaphysical phenomena herein Theoretical Pre Cosmologist **Antisapiens & Superhuman** Augustin Ostace,2018-09-13 By trying to overcome the individuality of the philosophical and theological ECCE HOMO regarding the human individuality or its redeemed deity by passing from the out expression of Look the Man or Here s the Man Through a bio ontological interpretation of the Specie Sapiens as ECCE SAPIENS is the main topic of our book But the image of the founder of Christianity Jesus Christ as one of prototype of humanity an event taking place of ca 2000 years ago before of our era BCE analyzed in ECCE HOMO confronting the present time image of the ECCE SAPIENS Look the Species Or here s the Species Will show up the difficulties of this endeavor It is also very difficult to make a clear prototype of the Species Sapiens and in the same time the image of Species who was appearing on the scene of the evolutionary and revolutionary biological world of our planetary Earth in the last of ca about 50 000 years ago before the present times BPT just taking in account the obscure origin of our Species and its beginning through culture and civilizations on our planetary earth The author is rethinking its own Species in re analyzing oneself towards the triad UPSAPIENS DOWNSAPIENS ANTISAPIENS and the overcoming of the human selfness as SUPERHUMAN But if the Jesus Christ as prototype of the Man like Deity has a living death on the Golgotha s cross the Socrates the prototype of the Man like Man has a rational and thinking death in the bed of Athena by drinking the Cucuta s poison then the Sapiens like Sapiens must admit its own negation at least a metaphysical one through Anti Sapiens Upsapientologist *Strangers, Migrants, Exiles* Frauke Reitemeier,2012
