Bennett, 2018-01-15 The first hand accounts from key British commanders of some of the most desperate moments in the Second World War when Britain's survival was at stake      *June 1940, Great Britain and the First Attempt to Build a European Union* Andrea Bosco, 2016-06-22

June 2016 represents a significant moment in British history The decision to leave the European Union at the most critical period since its existence could bring unpredictable and far reaching consequences both for the United Kingdom and the Union itself June 1940 was also a turning point in British history On the afternoon of 16 June a few hours before the French Government opted for the capitulation Churchill made on behalf of the British Government an offer of indissoluble union When a sceptical Churchill put forward to the British Cabinet the text of the declaration drafted by Jean Monnet Sir Arthur Salter and Robert Vansittart he was surprised at the amount of support it received The Cabinet adopted the document with some minor amendments and de Gaulle who saw it as a means of keeping France in the war telephoned Reynaud with the proposal for an indissoluble union with joint organs of defence foreign financial and economic policies a common citizenship and a single War Cabinet The proposal however never reached the table of the French Government The spirit of capitulation embodied in Weygand and Pétain prevailed and France submitted herself to the German will for the second time in seventy years After the Munich crisis Great Britain had to face the danger of another European war with the inevitable loss of the Empire and it was at this point that the country first began to favour the application of the federalist principle to Anglo French relations In this conversion to federalism a fundamental role was played by the Federal Union the first federalist movement organised on a popular basis The contribution of Federal Union to the development of the federal idea in Great Britain and Europe was to express and organise the beginning of a new political militancy and it represented the first step of a historical process the overcoming of the nation State the modern political formula which institutionalises the political division of mankind This study principally examines the first eighteen months of the Federal Union during which time it was able to raise itself to the attention of the general public and the political class as the heir of the League of Nations Union The research is based on extensive unpublished archival material found across the globe from London Oxford Brighton and Edinburgh to Washington Paris and Geneva      **Battle of Britain Spitfire Ace** Peter J Usher, 2024-08-30 Battle of Britain Spitfire Ace is the story of a young Canadian who in a short time and for a brief time mastered Britain's most legendary war machine the Spitfire It is also the story of a young English woman who was for a short time his wife and for a long time his widow and of their son who for much of his life knew little about his father and is still learning about him Their stories based on their letters diaries and photos unfold in richly detailed context as the setting moves from Montreal in Nelson's youth England in the last years of peace the first and largely forgotten months of the air war against Nazi Germany Canada during the war and finally to post war England William Henry Nelson was a first generation Canadian Jew whose family name was originally Katznelson Like many young Canadians in the 1930s he wanted to fly Nelson began work in Montreal's aircraft

industry but in 1936 at the age of nineteen he left a humdrum life on the ground to go to England intent on becoming a pilot in the Royal Air Force A year later he was posted to a bomber squadron Willie as his family and friends called him was also a fine athlete He was captain of his squadron's team in Britain's Modern Pentathlon competitions in 1938 and 1939 While stationed in Yorkshire he met Marjorie McIntyre Instantly smitten they married days before the war began Nelson was one of the first Canadians to fly in combat over Germany only days after the war began The award of a Distinguished Flying Cross a few months later made him an instant hero to the Jewish community across Canada In Britain's desperate situation in June 1940 Nelson volunteered to retrain as a fighter pilot Within weeks he destroyed five enemy aircraft so becoming the only Canadian Spitfire ace in the Battle of Britain Few fought as both bomber and fighter pilot during the Second World War even fewer managed to excel at both Willie Nelson was shot down on the first day of November 1940 near the English Channel He never saw his adversary who may have been one of Nazi Germany's most decorated fighter pilots Nelson was 23 years old and by then the father of a two month old boy William Harle Nelson Marjorie took her infant son to Canada in 1941 seeking to meet her late husband's family and provide little Bill the opportunity for a better life She was one of the first war brides to do so Marjorie was unprepared for the gulf in culture and class with Willie's mother and she was shocked by the antisemitism she encountered in Montreal She left the city after a few months to begin her life anew alone in a strange country Marjorie soon remarried a Canadian Ted McAlister In 1957 they moved to England where Bill having taken his stepfather's surname would become a prominent figure in Britain's cultural life Only in his thirties however would Bill come to learn of the family and origins of the father he never knew On the 80th anniversary of the Battle of Britain the Royal Air Force Museum in London featured Nelson in its exhibit about the hidden heroes the Jews who volunteered to fight in the RAF in the Second World War Nelson had said little about his Jewish identity though it was consequential to him and to others during his life and afterwards Over the course of his four years in England Willie Nelson refashioned himself But who had he become Who was the man behind the iconic portrayals what had been his formative influences and his guiding lights How did he come to do what he did and what in those last few years in England did he live and die for
