The Neurotic's Guide to Avoiding Enlightenment Chris Niebauer, Ph.D., 2014-03-10 Has self improvement really improved the self More than ever people are on a quest for self improvement and enlightenment People are watching their egos or losing their egos in order to find peace of mind or to get along better with others And yet the more we try to lose our ego the more of it there is to lose The more we try to make peace the more we find conflict It is exactly what happens when we try not to think of the number 3 and that is all we can think about Our efforts seem to have the opposite effect and this is due to the way the left side of the brain processes information Neuroscience discovered that the left brain makes up elaborate stories and convincing explanations It is the left brain that makes up the most elaborate and convincing story of all the story of who you think you are And the more we try to get out of this story the deeper we find ourselves in it because it is the function of the left brain to work on the law of opposition Try not to be anxious and that s exactly what happens Try not to worry and you will be flooded with anxious thoughts And the same is true for self improvement The more we try to improve our story the more the story needs to be improved The left brain excels at these games even when it plays by pretending not to play If I said that all attempts at self improvement are futile how would you respond Would you reflexively think I m wrong Is there any way not to play these games of the left brain Which part of your brain do you think is asking this question This book was written for the ordinary person who has an extraordinary curiosity for who they are how thoughts work and why they cannot control their thoughts It is a practical guide that uses examples from my kids favorite movies and TV shows from the 80s and 90s along with simple exercises so you can see for yourself if any of this is on track While no special knowledge of neuroscience is required you may understand many of the examples if you ve seen an episode or two of Star Trek or Seinfeld While this work is based on the teachings of Alan Watts and Eckhart Tolle it integrates the findings of modern neuroscience which surprisingly reveals a similar message It is the desire for enlightenment that is the biggest block to happiness and peace in fact it is the only block It is not until one gives up the quest to find oneself improve oneself or be more spiritual that one can ever find the peace they are looking for And it is not your ego that gives up this quest it is you For more info please see my blog at <http://worriedbuddha.com> **The Soul Guide to a Magical Life** Dr. Pamela

The Dynamics of Exclusionary Constitutionalism

Mazen Masri, 2017-02-09 What does Israel's definition as a Jewish and democratic state mean? How does it affect constitutional law? How does it play out in the daily life of the people living in Israel? This book provides a unique and detailed examination of the consequences of the Jewish and democratic definition. It explores how the definition affects the internal ordering of the state, the operation of the law, and the ways it is used to justify, protect, and regenerate certain features of Israeli constitutional law. It also considers the relationship between law and settler colonialism and how this relationship manifests itself in the constitutional order. *The Dynamics of Exclusionary Constitutionalism* offers a novel perspective on the Jewish and democratic definition rooted in constitutional theory and informed by a socio-legal approach. Relying on a wide range of court cases and statutes as well as secondary sources, the book shows how the definition is deeply embedded in the constitutional structure and operates as a matter of law in a manner that concentrates political power in the hands of the Jewish citizens and excludes the Palestinian Arab citizens in Israel from the political process. Mazen Masri's study is a timely intervention in an increasingly important question and is essential reading for those who want to understand Israel's character, its relationship with the constitutional order, and its impact on society.

Win Over Suffering

, 2025-06-05 *Heal with the Synergy of Science, Philosophy, and Spirituality*. Why, despite our best efforts, does life still overwhelm us with stress, worry, and pain? Why do we suffer even when we strive to be good people? Despite the incredible progress in medical science, why do we still face so much suffering? Dr. Arun Maji, a practicing physician in Sydney, has spent the last three decades studying human suffering. He has learned that no human challenge is ever one-dimensional; what you see is rarely the whole picture. Human suffering is complex, multifaceted, and deeply personal, so the solutions must be equally multidimensional and personalized. With this deep understanding, Dr. Maji has synthesized science, philosophy, and spirituality into a step-by-step guide. He explores various traditions and wisdom, allowing you to adopt the approaches that resonate most with you. But let's

be clear evidence based medical science is the foundation of any healing journey It s where you should start and it s essential to consult your doctor and health professionals However healing doesn t have to end there There is value in exploring other avenues ancient and modern as long as this exploration complements rather than replaces sound medical practice May this book guide you toward a life filled with joy serenity and lasting peace Happy healing Dr Maji s Personal Transformation Books Did Buddha Suffer Depression A Doctor s Guide To Mental Health Mind Game Beyond Grey Matter Love Known battlefield Unknown War Cosmic Love Secrets Of Lasting Passion Secret Whisper Stop Listen To The Sun Moon And River Win Over Suffering Science Philosophy Spirituality Young Mind Beautiful Mind Holistic Handbook On Teen s Health Relationship Bible Holistic Relationship Workbook For Men And Women Heal Yourself Ancient Wisdom For Modern Ailments Win Over Childhood Obesity Guide For Children Parents Teachers And Health Professionals Science vs Bhagavad Gita On Healing Building A Strong Baby Doctor s Pregnancy Guide Motherhood The Ultimate Sacrifice Dr Maji s Healing Poetry Books 30 Jewels Heal Through Rumi 30 Jewels Heal Through Tagore 30 Jewels Best of Shakespeare Healing Poetry 30 Jewels The Inferno Poetry Of Passion The Fire Love Ruin Love Fire Earth Song Of The Soul Prem Porinoy Prithibi Malavika Fire And Ashes Self Help Books Mental Health Personal Growth Healing Spirituality Philosophy Emotional Well being Mindfulness Meditation Stoicism Buddhism Humanism Existentialism Hinduism Christianity Bible Islam Sufism Taoism Sikhism Bhagavad Gita Religious Wisdom Positive Psychology Inner Peace Life Transformation Overcoming Suffering Inspirational Stories Philo Spiritual Counseling Healing through philosophy Best healing book Best self help book Most Inspiring book Depression Book Anxiety Book Drug Addiction Book Alcohol Addiction Book Book for Peace and healing Atomic thought behavior action Mental health book Buddha Krishna Jesus Bible Bhagavad Gita Quran Torah Tripitaka holistic healing integrative medicine natural remedies holistic wellness meditation techniques spiritual growth trauma recovery resilience building alternative medicine energy healing reiki therapy chakra healing mindfulness practice stress management self compassion self discovery life purpose enlightenment practices conscious living personal empowerment ancient healing wisdom mind body connection spiritual awakening self realization best healing book best spiritual book best personal transformation book best Bhagavad Gita Krishna Arjuna Draupadi Kurukshetra Rama Hanuman Ram Ayodhya **Child Soldiers as Agents of War and Peace** Leonie Steinkl,2017-08-19 This book deals with child soldiers involvement in crimes under international law Child soldiers are often victims of grave human rights abuses and yet in some cases they also participate actively in inflicting violence upon others Nonetheless the international discourse on child soldiers often tends to ignore the latter dimension of children s involvement in armed conflict and instead focuses exclusively on their role as victims While it might seem as though the discourse is therefore beneficial for child soldiers as it protects them from blame and responsibility it is important to realize that the so called passive victim narrative entails various adverse consequences which can hinder the successful reintegration of child soldiers into their families communities and societies This book aims to address this dilemma First the

available options for dealing with child soldiers participation in crimes under international law such as transitional justice and criminal justice and their shortcomings are analyzed in depth Subsequently a new approach is developed towards achieving accountability in a child adequate way which is called restorative transitional justice This book is in the first place aimed at researchers with an interest in child soldiers children and armed conflict as well as international criminal law transitional justice juvenile justice restorative justice children s rights and international human rights law Secondly professionals working on issues of transitional justice juvenile justice international criminal law children s rights and the reintegration of child soldiers will also find the subject matter of great relevance to their practice Dr Leonie Steintl LL M Columbia is a Researcher and Lecturer at the Faculty of Law of the Humboldt University in Berlin

Liberal Peace and Post-Conflict Peacebuilding in Africa Patrick Tom, 2017-01-27 The book makes theoretical and empirical contributions to recent debates on hybrid forms of peace and post liberal peace In applying concepts of power hybridity and resistance and providing different kinds of hybridity and resistance to explore post conflict peacebuilding in Sierra Leone the author makes an original contribution to existing literature by providing various ways in which power can be exercised not just between locals and internationals but also among locals themselves and the nature of peace that is produced This volume provides various ways in which hybridity and resistance can be manifested A more rigorous development of these concepts not only offers a better understanding of the nature of these concepts but also helps us to distinguish forms of hybridity and resistance that are emancipatory or transformatory from those that result in people accommodating themselves to their situation This book is an invaluable resource for scholars and students of peacebuilding peace and conflict studies International Relations and African Studies and practitioners of peacebuilding and post conflict reconstruction

Europe's Utopias of Peace Bo Stråth, 2016-01-28 Europe s Utopias of Peace explores attempts to create a lasting European peace in the aftermath of the Napoleonic wars and the two world wars The book charts the 250 year cycle of violent European conflicts followed by new utopian formulations for peace The utopian illusion was that future was predictable and rules could prescribe behaviour in conflicts to come Bo Stråth examines the reiterative bicentenary cycle since 1815 where each new postwar period built on a design for a project for European unification He sets out the key historical events and the continuous struggle with nationalism linking them to legal political and economic thought Biographical sketches of the most prominent thinkers and actors provide the human element to this narrative Europe s Utopias of Peace presents a new perspective on the ideological legal economic and intellectual conditions that shaped Europe since the 19th century and presents this in a global context It challenges the conventional narrative on Europe s past as a progressive enlightenment heritage highlighting the ambiguities of the legacies that pervade the institutional structures of contemporary Europe Its long term historical perspective will be invaluable for students of contemporary Europe or modern European history
