Brief Dynamic Psychotherapy Jeffrey L. Binder, 2012-03-12 This book identifies the core competencies shared by expert therapists and helps clinicians especially those providing brief dynamic interpersonal therapy to develop and apply them in their own work Rather than being a cookbook of particular techniques the book richly describes therapists mental processes and moment to moment actions as they engage in effective therapeutic inquiry and improvise to help patients achieve their goals The author integrates the psychotherapy and cognitive science literatures to provide a unique understanding of therapist expertise Featuring many illustrative examples the book offers fresh insights into how learning and interpersonal skills can be enhanced for both therapist and client

General Technical Report NRS, 2007 *Problem of the Century* Elijah Anderson, Douglas Massey, 2001-07-19 In 1899 the great African American scholar W E B DuBois published *The Philadelphia Negro* the first systematic case study of an African American community and one of the foundations of American sociology DuBois prophesied that the color line would be the problem of the twentieth century One hundred years later *Problem of the Century* reflects upon his prophecy exploring the ways in which the color line is still visible in the labor market the housing market education family structure and many other aspects of life at the turn of a new century The book opens with a theoretical discussion of the way racial identity is constructed and institutionalized When the government classifies races and confers group rights upon them is it subtly reenforcing damaging racial divisions or redressing the group privileges that whites monopolized for so long The book also delineates the social dynamics that underpin racial inequality The contributors explore the causes and consequences of high rates of mortality and low rates of marriage in black communities as well as the way race affects a person's chances of economic success African Americans may soon lose their historical position as America's majority minority and the book also examines how race plays out in the sometimes fractious relations between blacks and immigrants The final part of the book shows how the color line manifests itself at work and in schools Contributors find racial issues at play on both ends of the occupational ladder among absentee fathers paying child support from their meager earnings and among black executives prospering in the corporate world In the schools the book explores how race defines a student's peer group and how peer pressure affects a student's grades *Problem of the Century* draws upon the distinguished faculty of sociologists at the University of Pennsylvania where DuBois conducted his research for *The Philadelphia Negro* The contributors combine a scrupulous commitment to empirical inquiry with an eclectic openness to different methods and approaches *Problem of the Century* blends ethnographies and surveys statistics and content analyses census data and historical records to provide a far reaching examination of racial inequality in all its contemporary manifestations
