Stribling specializes in modular engine swaps and expertly guides you through each crucial step of the engine transplant process. Because of the large physical size many components such as brake boosters, steering rods and boxes and other underhood components may need repositioning or modification to co exist in the engine bay. Stribling covers motor mount selection and fabrication, suspension and chassis modifications, aftermarket suspension options, firewall and transmission tunnel modifications, engine management and wiring procedures, fuel systems, exhaust systems, electrical mods and upgrades and much more. Many older Ford muscle and performance cars are prime candidates for a modular swap, however shock towers protrude into the engine bay of these cars so modifications are necessary to fit the engine into the car, which is also covered here. Swapping the engine and transmission into a muscle car or truck requires specialized processes and this insightful explanatory and detailed instruction is found only in this book. If you are considering swapping one of these high tech engines into a non original chassis, this book is a vital component to the process.

A Nice Tuesday Pat Jordan, 2005-09-01 In *A Nice Tuesday* Pat Jordan chronicles his decision to reclaim the failed potential of his youth. A young baseball pitcher of inordinate promise, Jordan had been one of the Milwaukee Braves' first bonus babies. His struggle through the minor leagues and ultimate failure to play in the majors eloquently chronicled in *A False Spring* defined his youth. At fifty six, Jordan realizes that this trivial thing has also defined his life and decides to make a comeback. He whips himself back into playing condition and convinces an independent minor league team, the Waterbury Connecticut Spirit, to let him return to the mound one last time. In this memoir, Jordan lays bare his midlife quest with honesty and humor, making *A Nice Tuesday* about much more than baseball.
