

Ford Motor Company Customer-Specific Requirements

For Use With ISO/TS 16949

Per ISO/TS 16949, an "organization" is the manufacturing facility being registered to ISO/TS 16949. The sub-tier supplier is the manufacturing facility directly contracted by the organization to ship product to the organization in support of a Ford Motor Company contract.

A sub-tier supplier hired by the organization to perform services not directly related to a Ford Motor Company contract (e.g. floor cleaning or grass cutting) is not impacted in any way by the sub-tier supplier development or other sub-tier supplier requirements stated in ISO/TS 16949.

In this document, the terms "organization" and "supplier" are interchangeable, both representing the company (or site) being registered to ISO/TS 16949.

1. Scope

ISO/TS 16949 and this document define the fundamental quality system requirements for Ford Motor Company suppliers. This document contains the company-specific requirements supplemental to **Technical Specification, ISO/TS 16949**. These supplemental requirements shall be included in the scope of the registration/certification audit in order to be recognized as satisfying the Ford Motor Company supplier criteria for third-party certification by an IATF recognized and contracted certification body.

ISO/TS 16949 is applicable to manufacturing sites of suppliers to Ford Motor Company (production and service parts and materials), and to assemblers of production parts or materials supplying to Ford Vehicle Assembly Plants.

Tooling & Equipment suppliers to Ford Motor Company are not eligible to be registered to ISO/TS 16949. Registration to ISO 9001 is acceptable.
Semi-Conductor suppliers may register to ISO/TS 16949, providing they meet the scope requirements. . .

Service parts and materials applicability does not include aftermarket or remanufactured parts (See Definitions, "Organization").

All **ISO/TS 16949** requirements and the requirements of this document shall be addressed by the organization's quality system.

ISO/TS 16949 sanctioned interpretations are available on
<http://www.iatfglobaloversight.org/> .

The US English language version of this document shall be the official version for purposes of third party registration.
