Property Negotiation Mark Harrison, 2006-09-16 Aimed at UK property investors *Property Negotiation* will teach you how to get the best price for your next property

The Sell Fredrik Eklund, Bruce Littlefield, 2015-04-14 The nation's #1 real estate broker and star of Bravo's *Million Dollar Listing New York* shares his secrets for superstar success and getting what you want out of life no matter who you are or what you do Ten years ago Fredrik Eklund moved to New York City from his native Sweden with nothing but a pair of worn out sneakers and a dream to make it big in the city that never sleeps Since then he's become the top seller in the most competitive real estate market on the planet brokering multimillion dollar deals for celebrities selling out properties all over the city and charming audiences around the world as one of the stars of the hit Bravo series *Million Dollar Listing New York* Now for the first time Fredrik shares his secrets so that anyone can find success doing what they love According to Fredrik even if you don't consider yourself a salesperson you've been in sales your whole life because every day you are selling your most important asset yourself Whenever you influence persuade or convince someone to give you something in exchange for what you've got whether it's a luxury home a great idea at work or your profile on Match.com you are selling And if you know how to sell the right way you can live your dream That is what *The Sell* is all about Blending personal stories hilarious anecdotes and the expertise he's gained from his meteoric rise Fredrik has written the modern guide on becoming successful a book that tells you how to recognize and cultivate your true talents and make the ultimate sell From the importance of being your most authentic self to looking like a million bucks even

if you don't have a million bucks yet he shows how intangible factors like personality and charm can get you noticed and make you shine. He also shares his tips and tricks for preparing, persuading and negotiating so that in any of life's dealings you'll come out a winner. Whether you work on Wall Street or at Wal-Mart, aim to become the top seller at your company or want to impress a first date. *The Sell* will help you have more personal and professional success, lead a rich and fulfilling life and have fun along the way.

Essentials for Government Contract Negotiators Legette McIntyre, 2006-07. Learn to negotiate by applying business savvy negotiation strategies and tactics, anticipating and countering the other side's strategies and tactics, and concluding and documenting the negotiation successfully. *Essentials for Government Contract Negotiators* focuses on the distinctive aspects of government negotiations, helping you hold your own in an actual sit-down negotiation session with a skilled counterpart. With this book, you will learn to select and apply negotiation skills in a government-unique environment to achieve a true best value result. Develop a negotiation plan including your BATNA. Recognize less-than-ethical tactics and be prepared to counter them. Properly conclude and document the negotiation. Use acquisition histories to gather appropriate data. Manage challenges. Facilitate better negotiation outcomes.

The Cultural Experience David W. McCurdy, James P. Spradley, Dianna J. Shandy, 2004-11-03. *The Cultural Experience* has helped generations of undergraduates discover the excitement of ethnographic research through participation in relatively familiar cultures in North American society. Grounded in the interviewing-based ethnographic technique known as ethno-semanticism, the latest edition continues to treat ethnography as a discovery process. Students are taught how to set up an ethnographic field study, choose a microculture, and find and approach an informant, as well as how to ask ethnographic questions, record data, and organize and analyze what they have learned. Detailed instruction on how to write an ethnography is also provided. The guidelines are followed by ten short but substantive, well-written student ethnographies on such microcultures as exotic dancing, firefighting, pest extermination, and the work of midwives and police detectives. The Second Edition of this popular classroom volume includes boxed inserts that offer suggestions to aid in the research process, material on how to use observation and narratives with the ethno-semantic approach, an emphasis on how to find cultural themes and adaptive challenges by analyzing ethnographic field data, and extensive strategies for writing the final ethnographic paper. It also presents a comprehensive treatment of ethical responsibilities, as well as a discussion of the significance of ethnographic research and its applications in the workplace.

New Directions for Organization Theory Jeffrey Pfeffer, 1997-06-05. In *New Directions for Organization Theory*, Jeffrey Pfeffer offers a comprehensive analysis and overview of the field of organization theory and its research literature. This work traces the evolution of organization studies, particularly its more recent history, and highlights the principle concepts and controversies characterizing the study of organizations. Pfeffer argues that the world of organizations has changed in several important ways, including the increasing externalization of employment and the growing use of contingent workers, the changing size distribution of organizations with a larger proportion of smaller organizations, the

increasing influence of external capital markets on organizational decision making and a concomitant decrease in managerial autonomy and increasing salary inequality within organizations in the US compared both to the past and to other industrialized nations These changes and their public policy implications make it especially important to understand organizations as social entities But Pfeffer questions whether the research literature of organization studies has either addressed these changes and their causes or made much of a contribution to the discussion of public policy New Directions for Organization Theory provides a clear accessible summary of the current state of organization studies skillfully synthesizing diverse research and presenting it in an orderly insightful manner It offers suggestions for the development of the field including a call to focus more on issues of design and to use the ability to understand real phenomena to help distinguish among theoretical approaches A major scholar in the field of organization theory Jeffrey Pfeffer offers a perspective on its current state that will be of interest and value to scholars and graduate students interested in organizations

Ripe Deborah Douglas, 2009-10-06 Presents information about how to prepare a privately held business for a sale and how to conduct the selling process for optimal profit Provided by publisher
