the harmonic decisions behind many of his compositions as well as providing insights into other people's music and the process of songwriting. Photos, mixer channel and track assignment notes and other inside the studio materials illustrate the stories. Revealing another side of the CBGB era which has been stereotyped as punk rock, safety pins and provocation. *A Spy in the House of Loud* portrays a southern artist's coming of age in New York's frontier, abandon as he searches for new ways to break the rules and make some noise. An endlessly fascinating odyssey through the worlds of Southern pop, New York City art punk and American indie rock. Stamey's stories capture you with same finely etched detail and emotional depth that have always marked his best songs. Both an engrossing personal memoir and an eye-opening peek into the creative process, this is a truly essential work of music lit. Bob Mehr, New York Times bestselling author of *Trouble Boys*. *The True Story of the Replacements*. Informed, eloquent and daring, this book stands as a model of excellence for both music writing and memoir. Stamey moves effortlessly between analysis and reminiscence, history and personal revelation, shedding light on his own creative journey as well as the city planet New York that provided a good deal of the inspiration for it. I simultaneously learned so much and was deeply moved. Anthony DeCurtis, author of *Lou Reed: A Life*. Where most musician autobiographies are fueled by backstage drama, this book focuses almost entirely on the creative process, a choice that not only proves to be compelling but helps turn Stamey's personal journey into a necessary document of peak era college rock, illustrating how it was a vibrant scene filled with unexpected cross-pollination. Pitchfork **Stereo Review**, 1995. *The Flying Piano Roll Man*. Hi Babit, 2010-10-08. The remarkable life and times of Hi Babit. Now at ninety-three, author Hi Babit tells the story of his life from birth until present. His autobiographical book *The Flying Piano Roll Man* recounts his experiences mostly as a piano roll maker, a pilot and an inventor. *The Flying Piano Roll Man* divides the author's life into four time spans: 1917-1930, 1931-1940, 1941-1945 and 1946 to the present time. In three different chapters, the author also highlights his piano roll years, his flying years and his invention ideas. In detailed description, this volume narrates the author's experience with his first piano teacher, his first job and other work experiences that molded him into the person he is today. A person who wears multiple hats: the author has composed music, written songs, written lyrics for songs, made the master arrangements for piano rolls, done artwork when he was young, written articles for magazines, had a photo business, had a leather craft business, had a nail head business for clothing, was a clothing cutter in the garment line, learned flying and became a land-sea glider pilot with a commercial rating, tunes pianos every day, rehearses shows and conducts them, played with many bands and in many restaurants and so much more. These interesting facts will engross readers in this book. As an added incentive to buy this book, there are many original musical compositions that were done by Hi Babit which are located at the end of the book in the Appendix.
