

WRITING A PHILOSOPHY PAPER

Philosophical writing is different from the writing you are asked to do in other courses; these guidelines might be helpful, but do not assume that following them is enough to write a good philosophy paper.

1. What you are trying to accomplish: The virtues of a philosophy paper

A philosophy paper consists in a critical analysis of a thesis and in a reasoned defense of some claims. If you advance a claim, your claim should be supported by argument. If you attribute a view to someone, you should support your attribution with reference to the original text and interpretative remarks. When you make claims about a philosopher you have read, make sure that you support your interpretation with references to specific passages. When you take a specific formulation of a point from a text, use quotations.

The virtues of a philosophy paper are:

- **clarity:** say what you have to say simply and straightforwardly
- **depth of analysis and critical questioning:** offer a critical analysis of a philosophical issue, present and question different approaches to the same issue, and compare them.
- **consideration of arguments:** the reader is not interested in your own opinion, but in the way you reason about a particular issue, how you argue about it, how you defend your claims. You must exhibit reasons for what you hold, not just voice your concern about a particular matter. Make your reasons explicit.
- **logical organization:** everything that you write must be justified: there should be a reason why you wrote what you wrote the way you did. Use only the sentences that you need to express your claims. In order to construct an argument, each step of your reasoning should be clear and in the right order. Each paragraph should follow the previous one logically,

How to Write a Philosophy Paper James S. Stramel, 1995 *How to Write a Philosophy Paper* is a handbook which provides students with a ready arsenal of analytical and compositional techniques. It is intended for undergraduate students in any type of philosophy course and is written and organized in a user friendly manner. The first half includes discussions of the nature of philosophy and a variety of basic and essential techniques of philosophical enquiry and argumentation. Includes an index and bibliographical material. How to Start a Revolution Lauren Duca, 2019-09-24 Teen Vogue award winning columnist Lauren Duca shares a smart and funny guide for challenging the status quo in a much needed reminder that young people are the ones who will change the world. A columnist at Teen Vogue Lauren Duca has become a fresh and authoritative voice on the experience of millennials in today's society. In these pages she explores the post Trump political awakening and lays the groundwork for a re-democratizing moment as it might be built out of the untapped potential of young people. Duca investigates and explains the issues at the root of our ailing political system and reimagines what an equitable democracy would look like. It begins with young people getting involved. People like Alexandria Ocasio Cortez the youngest woman ever to be elected to Congress. David and Lauren Hogg two survivors of the Parkland Florida shooting who went on to become advocates for gun control. Amanda Litman who founded the nonprofit organization Run For Something to assist progressive young people in down ballot elections and many more. Called the millennial feminist warrior queen of social media by Ariel Levy and a national newsmaker by The New York Times Dan Rather agrees we need fresh intelligent and creative voices like Lauren's now as much perhaps more than ever before. Here Duca combines extensive research and first person reporting to track her generation's shift from political alienation to political participation. Throughout she also draws on her own story as a young woman catapulted to the front lines of the political conversation all while figuring out how to deal with her Trump supporting parents. **Legacy—A World Apart** Raymond L. Cox, 2018-04-03 A high school student struggles with his identity and dark desires. Torn between balancing lives from two different worlds while living among a species he was sent to destroy he strives to understand the violent impulses of society.
