MULTIPLE CHOICE CLUES Mitchell J. Friedlander,2010-03-31 This book has been written to help test takers more efficiently go through the reasoning process when answering multiple choice questions It points out a series of clues to both the distracter choices and the correct answers These clues are inherent in the making of standardized exams as distracter choices often point to the correct answer Furthermore the book studies how academic tests are constructed and how and why certain strategies are consistently used by test makers in the writing of these distracter choices Test scores automatically improve when these strategies and clues are learned as the correct answers will stick out more than ever once you have acquired this knowledge While the focus is on helping students in academia this book is also of value to anyone who needs to take a test to get a professional license certification promotion or any type of evaluation
