The book proceeds through the songs chronologically by opus number, discussing each individually. All entries include details pertinent to the song's particular poem, its musical setting, the date of musical composition, the vocal range required, and discussion of specific vocal and pianistic features. The text also provides the original German poem, word-for-word English translation of the German text, IPA International Phonetic Alphabet pronunciation symbols for the German, and a prose version of the poetic text in English for better appreciation of the piece. An index and two appendixes complete this important reference, arranging the songs by title and poet and supplying information on vocal range, level of difficulty, and gender. Designed for the classical vocal music enthusiast and invaluable to the singer and vocal coach, this book commemorating the 135th anniversary of the composer's birth will also appeal to accompanists, Reger scholars, and lovers of
