My Cancer Has Many Faces Alero Dabor, 2014-11-24 As a busy single mother leasehold manager and law student Alero Dabor thought the exhaustion plaguing her through the summer of 2006 needed no further explanation But a chance examination lead to a breast cancer diagnosis and suddenly the demands of her health would be balanced against her responsibilities to her family and her studies In a series of journal entries written from the time of her diagnosis in July through Spring 2007 Alero shares the many faces of her cancer her hopes and fears physical emotional and financial challenges the support she received through her family from London to West Africa the strength provided by her faith Her physical spiritual and emotional journey leads her through the initial numbness of shock at her diagnosis to the point where she takes command of her cancer and the course of her treatment Alero has since become a cancer advocate and shares how her experience as a mother and cancer survivor has made her someone who can give a voice to others of Subud Riantee Lydia Rand, 2005-04-18 Subud is a direct and spontaneous spiritual experience that allows people to receive a contact with the Great Life Force It re awakens their inner feeling and puts them in touch with their own guidance eventually bringing to the surface their true nature which was before obstructed and cluttered with erroneous beliefs ancestral patterns of behavior culture education and their family malfunctions Many have found a deeper understanding of their own religious beliefs from the evidence they receive for themselves Others have come to actualize their true talent and work There are Subud groups in eighty countries bringing together harmoniously people of many different religious and ethnic backgrounds The spiritual practice or latihan arises from within It is a natural process that occurs without effort or study This book is the result of the collaborative effort of three women who have practiced the latihan of Subud for decades It compiles testimonies of Subud members from all over the world on different topics Each chapter begins with a short account of observations experiences receivings and dreams on the subject People interviewed were of different age groups social and ethnic backgrounds some newly opened in Subud some older members some second and third generation Subud The opening latihan when one first receives this contact is a ceremony of introduction into the spiritual exercise after a three month period of inquiry referred to as the probation or investigation period Through the latihan people renew their contact with the power of God and become aware of the latent powers that reside in all of humankind The central feature of Subud is the latihan kejiwaan or inner training which takes place for half an hour up to an hour two or three times a week and is practiced by men and women separately Subud has little doctrinal teaching except for the belief in divine power and higher centers of consciousness The implication is that people practicing the latihan align themselves with those higher centers It is available to any person seventeen and older who has a sincere wish to worship God and wants to receive this contact The action of the latihan within each person allows the power of God to express itself spontaneously through singing chanting shouting moving dancing crying laughing etc Subuds founder Bapak Muhammad Subuh explains that in this way when in the latihan we make

a complete surrender to the Power of God or the Great Life Force we can receive the education of our inner selves free from interference by our minds and hearts and according to our own individual needs Participants have often reported strong feelings of rapture and release psychological and physical healing During latihan one lets go of thoughts and emotions in order to follow what surfaces those movements and sounds that spontaneously arise from deep within It is a form of cleansing which allows the worship of God to become stronger and less obstructed a training that lets individuals get in touch develop and trust their inner guidance enabling the complete self to emerge through an action that comes from beyond The Many Faces of God Michael Sheridan, 2024-07-08 Have you wondered how God reveals His the thinking and the will presence to you Have you wondered how He can create and love so many millions of people without losing track of a single one Have you ever worried that God may never appear to you in your life or that you might not recognize Him if He did The Many Faces of God explores these questions and gives you hope that God's presence is there in each of our lives Through one man's difficult journey you will see how God shaped his life taught him valuable lessons and made him feel loved You will then come to recognize how God has been there for you in your life shaping teaching and loving you You will look back on the people you have met even those you encountered for a few brief seconds and discover that these people were not put into your life accidentally They are the many faces of God Each compelling story is an example of how God reveals Himself to us through the people in our lives to be a part of our spiritual journey together Whether they are close friends or passing acquaintances brilliant teachers who inspire us or toxic people who frustrate us these are the people whom God has used to help us learn and grow in Him We share the earth with all kinds of people and some of them leave a more lasting imprint on us than others But will you know it when one of those people is actually God helping to shape your life Storm Becky White, 2016-11-04 Shelter from the Storm 101 Messages of Authentic Hope for Difficult Times will remind readers that they are not alone and there is hope Authentic hope Not by ignoring the reality of pain but by viewing it through the lens of GodOs great faithfulness **Royce's Sailing Illustrated** Patrick M.
