African Yearbook of International Law / Annuaire Africain de Droit International, Volume 10 (2002) Abdulqawi A. Yusuf,2004-01-01 The African Yearbook of International Law provides an intellectual forum for the systematic analysis and scientific dissection of issues of international law as they apply to Africa as well as Africa s contribution to the progressive development of international law It contributes to the promotion acceptance of and respect for the principles of international law as well as to the encouragement of the teaching study dissemination and wider appreciation of international law in Africa A clear articulation of Africa s views on the various aspects of international law based on the present realities of the continent as well as on Africa s civilization culture philosophy and history will undoubtedly contribute to a better understanding among nations The African Yearbook of International Law plays an important role in examining the tensions underlying the State in Africa and by shedding more light on the causes of the fragility of African state institutions so as to facilitate the identification of appropriate remedies The tension and interrelationships among issues such as territorial integrity self determination ethnic diversity and nation building are constantly addressed Development human rights and democratization in Africa are also subject of continuous attention and examination **European Yearbook** B. Landheer,A.H. Robertson,2013-03-09 Le troisieme volume de l Annuaire Europeen suit le schema deja trace par ses predecesseurs qui pour autant que nous puissions en juger d apres les critiques publiees paraissent avoir rencontre l approbation generale des lecteurs auxquels l ouvrage Hait destine Le volume III est cependant

plus mince que les volumes antérieurs l'ampleur du second volume et partant son contenu ayant dépassé les prévisions initiales on a voulu en effet maintenir une moyenne raisonnable au double point de vue du format et du prix Les articles reproduits dans ce volume et la documentation comprise dans la partie II embrassent selon nous les principaux développements intervenus dans la coopération européenne au cours de la période considérée c'est à dire en principe l'année civile 1955 avec pour des raisons de continuité certaines incursions dans l'année 1956 On relevera cependant une lacune majeure l'omission de toute documentation concernant la Relance européenne amorcée en juin 1955 à Messine par la Conférence des six ministres des affaires étrangères des États membres de la Communauté Européenne du Charbon et de l'Acier et les négociations ultérieures de Bruxelles en vue de l'établissement du Marché commun et de l'Euratom Étant donné que ces négociations aient encore en cours au moment où ce volume a été mis sous presse il a semblé préférable d'attendre leur conclusion et d'en donner un aperçu plus complet dans le volume IV
