*Find Me* Jo Chambliss, Cle is the best analyst in the CIA It s not bragging just true While it hasn t turned out to be the dream job she imagined it does afford her a sense of pride knowing that her work helps make the world a safer place or so she thought When she stumbles across something other analysts failed to find she becomes trapped in dangerous world of smoke and mirrors that threatens those closest to her Captain Draven Hyper Maxwell hates his hand me down name and everything it stands for Being no more than an afterthought of parents more interested in their own careers he cuts out the minute he turns eighteen He signs up for the Army and spends the next ten years building bonds that are incapable of breaking As Hyper watches all of his teammates find women and start families he realizes a part of him is still missing Despite his best efforts he can t seem to get past the quirky paranoid friend of Sam that keeps invading his thoughts When the dirty player in the CIA learns that Cle cracked the code a target is placed on her and the Rangers she s been hanging around with Hyper and his team are tested to the limits when they are ambushed by American operatives during a training exercise Frustrated and unwilling to trust anyone outside their circle they finally get the break they re after when an obscure message comes to them from an unlikely source Cle He ll need her help to stop further attacks on his team and she ll need him to stay alive
